

## Cefalexin Formulation

|         |                |                |                                 |
|---------|----------------|----------------|---------------------------------|
| Version | Revision Date: | SDS Number:    | Date of last issue:             |
| 2.0     | 2025/04/14     | 11474863-00002 | 2024/11/26                      |
|         |                |                | Date of first issue: 2024/11/26 |

## 1. PRODUCT AND COMPANY IDENTIFICATION

Chemical product name : Cefalexin Formulation

**Supplier's company name, address and phone number**

Company name of supplier : MSD

Address : 1-13-12, Kudan-kita, Chiyoda-ku, Tokyo, Japan

Telephone : 03-6272-1099

E-mail address : EHSDATASTEWARD@msd.com

Emergency telephone number : +1-908-423-6000

**Recommended use of the chemical and restrictions on use**

Recommended use : Veterinary product

Restrictions on use : Not applicable

## 2. HAZARDS IDENTIFICATION

**GHS classification of chemical product**

Respiratory sensitisation : Category 1

Reproductive toxicity : Category 2

Specific target organ toxicity - single exposure : Category 3

Specific target organ toxicity - repeated exposure : Category 2 (Kidney, Adrenal gland, Blood, Gastrointestinal tract)

**GHS label elements**

Hazard pictograms :

Signal word : Danger

Hazard statements : H334 May cause allergy or asthma symptoms or breathing difficulties if inhaled.  
H335 May cause respiratory irritation.  
H361f Suspected of damaging fertility.  
H373 May cause damage to organs (Kidney, Adrenal gland, Blood, Gastrointestinal tract) through prolonged or repeated exposure.

## Cefalexin Formulation

|         |                |                |                                 |
|---------|----------------|----------------|---------------------------------|
| Version | Revision Date: | SDS Number:    | Date of last issue: 2024/11/26  |
| 2.0     | 2025/04/14     | 11474863-00002 | Date of first issue: 2024/11/26 |

Precautionary statements :

**Prevention:**

P201 Obtain special instructions before use.  
P202 Do not handle until all safety precautions have been read and understood.  
P260 Do not breathe mist or vapours.  
P271 Use only outdoors or in a well-ventilated area.  
P280 Wear protective gloves/ protective clothing/ eye protection/ face protection.  
P284 Wear respiratory protection.

**Response:**

P304 + P340 + P312 IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER/ doctor if you feel unwell.  
P308 + P313 IF exposed or concerned: Get medical advice/ attention.  
P342 + P311 If experiencing respiratory symptoms: Call a POISON CENTER/ doctor.

**Storage:**

P405 Store locked up.

**Disposal:**

P501 Dispose of contents/ container to an approved waste disposal plant.

**Additional Labelling**

The following percentage of the mixture consists of ingredient(s) with unknown hazards to the aquatic environment: 21 %

**Other hazards which do not result in classification**

None known.

**3. COMPOSITION/INFORMATION ON INGREDIENTS**

Substance / Mixture : Mixture

**Components**

| Chemical name | CAS-No.    | Concentration (% w/w) | ENCS No. |
|---------------|------------|-----------------------|----------|
| Cefalexin     | 15686-71-2 | >= 20 - < 30          | -        |

**4. FIRST AID MEASURES**

General advice : In the case of accident or if you feel unwell, seek medical advice immediately.  
When symptoms persist or in all cases of doubt seek medical advice.

If inhaled : If inhaled, remove to fresh air.  
If not breathing, give artificial respiration.

**Cefalexin Formulation**

|                |                              |                               |   |
|----------------|------------------------------|-------------------------------|---|
| Version<br>2.0 | Revision Date:<br>2025/04/14 | SDS Number:<br>11474863-00002 | Date of last issue: 2024/11/26<br>Date of first issue: 2024/11/26 |
|----------------|------------------------------|-------------------------------|---|

|   |  |
|---|--|
| In case of skin contact                                     | :<br>If breathing is difficult, give oxygen.<br>Get medical attention.<br>In case of contact, immediately flush skin with soap and plenty of water.<br>Remove contaminated clothing and shoes.<br>Get medical attention.<br>Wash clothing before reuse.<br>Thoroughly clean shoes before reuse.  |
| In case of eye contact                                      | :<br>Flush eyes with water as a precaution.<br>Get medical attention if irritation develops and persists.  |
| If swallowed  | :<br>If swallowed, DO NOT induce vomiting.<br>Get medical attention.<br>Rinse mouth thoroughly with water.   |
| Most important symptoms and effects, both acute and delayed | :<br>Excessive exposure may aggravate preexisting asthma and other respiratory disorders (e.g. emphysema, bronchitis, reactive airways dysfunction syndrome).<br>May cause allergy or asthma symptoms or breathing difficulties if inhaled.<br>May cause respiratory irritation.<br>Suspected of damaging fertility.<br>May cause damage to organs through prolonged or repeated exposure. |
| Protection of first-aiders                                  | :<br>First Aid responders should pay attention to self-protection, and use the recommended personal protective equipment when the potential for exposure exists (see section 8).   |
| Notes to physician  | :<br>Treat symptomatically and supportively.   |

**5. FIREFIGHTING MEASURES**

|   |  |
|---|--|
| Suitable extinguishing media                  | :<br>Water spray<br>Alcohol-resistant foam<br>Carbon dioxide (CO <sub>2</sub> )<br>Dry chemical  |
| Unsuitable extinguishing media                | :<br>None known.   |
| Specific hazards during fire-fighting         | :<br>Exposure to combustion products may be a hazard to health.  |
| Hazardous combustion products                 | :<br>Carbon oxides<br>Nitrogen oxides (NO <sub>x</sub> )<br>Sulphur oxides   |
| Specific extinguishing methods                | :<br>Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.<br>Use water spray to cool unopened containers.<br>Remove undamaged containers from fire area if it is safe to do so.<br>Evacuate area. |
| Special protective equipment for firefighters | :<br>In the event of fire, wear self-contained breathing apparatus.<br>Use personal protective equipment.  |

---

**6. ACCIDENTAL RELEASE MEASURES**

- Personal precautions, protective equipment and emergency procedures : Use personal protective equipment.  
Follow safe handling advice (see section 7) and personal protective equipment recommendations (see section 8).
- Environmental precautions : Avoid release to the environment.  
Prevent further leakage or spillage if safe to do so.  
Prevent spreading over a wide area (e.g. by containment or oil barriers).  
Retain and dispose of contaminated wash water.  
Local authorities should be advised if significant spillages cannot be contained.
- Methods and materials for containment and cleaning up : Soak up with inert absorbent material.  
For large spills, provide dyking or other appropriate containment to keep material from spreading. If dyked material can be pumped, store recovered material in appropriate container.  
Clean up remaining materials from spill with suitable absorbent.  
Local or national regulations may apply to releases and disposal of this material, as well as those materials and items employed in the cleanup of releases. You will need to determine which regulations are applicable.  
Sections 13 and 15 of this SDS provide information regarding certain local or national requirements.

---

**7. HANDLING AND STORAGE****Handling**

- Technical measures : See Engineering measures under EXPOSURE CONTROLS/PERSONAL PROTECTION section.
- Local/Total ventilation : If sufficient ventilation is unavailable, use with local exhaust ventilation.
- Advice on safe handling : Do not breathe mist or vapours.  
Do not swallow.  
Avoid contact with eyes.  
Avoid prolonged or repeated contact with skin.  
Handle in accordance with good industrial hygiene and safety practice, based on the results of the workplace exposure assessment  
Keep container tightly closed.  
Already sensitised individuals, and those susceptible to asthma, allergies, chronic or recurrent respiratory disease, should consult their physician regarding working with respiratory irritants or sensitisers.  
Take care to prevent spills, waste and minimize release to the environment.

## Cefalexin Formulation

|         |                |                |                                 |
|---------|----------------|----------------|---------------------------------|
| Version | Revision Date: | SDS Number:    | Date of last issue:             |
| 2.0     | 2025/04/14     | 11474863-00002 | 2024/11/26                      |
|         |                |                | Date of first issue: 2024/11/26 |

Avoidance of contact : Oxidizing agents

Hygiene measures : If exposure to chemical is likely during typical use, provide eye flushing systems and safety showers close to the working place.

When using do not eat, drink or smoke.

Wash contaminated clothing before re-use.

The effective operation of a facility should include review of engineering controls, proper personal protective equipment, appropriate degowning and decontamination procedures, industrial hygiene monitoring, medical surveillance and the use of administrative controls.

**Storage**

Conditions for safe storage : Keep in properly labelled containers.

Store locked up.

Keep tightly closed.

Keep in a cool, well-ventilated place.

Store in accordance with the particular national regulations.

Materials to avoid : Do not store with the following product types:

Strong oxidizing agents

Packaging material : Unsuitable material: None known.

**8. EXPOSURE CONTROLS/PERSONAL PROTECTION****Threshold limit value and permissible exposure limits for each component in the work environment**

| Components                | CAS-No.    | Value type<br>(Form of exposure) | Control parameters / Concentration standard / Permissible concentration | Basis    |
|---------------------------|------------|----------------------------------|---|----------|
| Cefalexin                 | 15686-71-2 | TWA                              | 550 µg/m <sup>3</sup> (OEB 2)   | Internal |
| Further information: RSEN |            |                                  |   |          |

**Engineering measures** : Use appropriate engineering controls and manufacturing technologies to control airborne concentrations (e.g., drip-less quick connections).

All engineering controls should be implemented by facility design and operated in accordance with GMP principles to protect products, workers, and the environment.

Laboratory operations do not require special containment.

**Personal protective equipment**

Respiratory protection : If adequate local exhaust ventilation is not available or exposure assessment demonstrates exposures outside the recommended guidelines, use respiratory protection.

Filter type : Combined particulates and organic vapour type

Hand protection

Material : Chemical-resistant gloves

## Cefalexin Formulation

|         |                |                |                                 |

---

Eye protection : Wear safety glasses with side shields or goggles.  
If the work environment or activity involves dusty conditions, mists or aerosols, wear the appropriate goggles.  
Wear a faceshield or other full face protection if there is a potential for direct contact to the face with dusts, mists, or aerosols.

Skin and body protection : Work uniform or laboratory coat.

---

**9. PHYSICAL AND CHEMICAL PROPERTIES**

Physical state : liquid

Colour : clear

Odour : No data available

Odour Threshold : No data available

Melting point/freezing point : No data available

Boiling point, initial boiling point and boiling range : No data available

Flammability (solid, gas) : Not applicable

Flammability (liquids) : No data available

Lower explosion limit and upper explosion limit / flammability limit  
Upper explosion limit / Upper flammability limit : No data available

Lower explosion limit / Lower flammability limit : No data available

Flash point : No data available

Decomposition temperature : No data available

pH : No data available

Evaporation rate : No data available

Auto-ignition temperature : No data available

Viscosity  
Viscosity, kinematic : No data available

Solubility(ies)  
Water solubility : No data available

Partition coefficient: n-octanol/water : No data available

|----------------|------------------------------|-------------------------------|---|

|   |                                    |
|---|------------------------------------|
| Acute toxicity (other routes of administration) | LD50 (Dog): > 2,000 mg/kg          |
|   | Symptoms: Vomiting                 |
|   | LD50 (Monkey): > 1,000 mg/kg       |
|   | Symptoms: Vomiting                 |
|   | LD50 (Rat): > 20,000 mg/kg         |
|   | LD50 (Dog): > 1 g/kg               |
|   | Application Route: Intraperitoneal |
|   | LD50 (Dog): > 0.1 g/kg             |
|   | Application Route: Intravenous     |

**Skin corrosion/irritation**

Not classified based on available information.

**Serious eye damage/eye irritation**

Not classified based on available information.

**Respiratory or skin sensitisation****Skin sensitisation**

Not classified based on available information.

**Respiratory sensitisation**

May cause allergy or asthma symptoms or breathing difficulties if inhaled.

**Components:****Cefalexin:**

|            |  |
|------------|--|
| Assessment | : Probability or evidence of high respiratory sensitisation rate in humans       |
| Remarks    | : Based on data from similar materials<br>May cause sensitisation by inhalation. |
| Result     | : Sensitiser   |
| Remarks    | : Based on data from similar materials<br>May cause sensitisation by inhalation. |

**Germ cell mutagenicity**

Not classified based on available information.

**Components:****Cefalexin:**

|                       |   |
|-----------------------|---|
| Genotoxicity in vitro | : Test Type: Bacterial reverse mutation assay (AMES)<br>Result: negative                          |
|                       | Test Type: Chromosomal aberration<br>Test system: Chinese hamster ovary cells<br>Result: negative |

## Cefalexin Formulation

|         |                |                |                                 |
|---------|----------------|----------------|---------------------------------|

|                      |   |
|----------------------|---|
| Genotoxicity in vivo | Test Type: In vitro mammalian cell gene mutation test |
|                      | Test system: mouse lymphoma cells                     |
|                      | Result: negative                                      |
| :                    | Test Type: Micronucleus test                          |
|                      | Species: Mouse  |
|                      | Result: negative                                      |

**Carcinogenicity**

Not classified based on available information.

**Reproductive toxicity**

Suspected of damaging fertility.

**Components:****Cefalexin:**

|   |  |
|---|--|
| Effects on fertility  | Test Type: Two-generation study                        |
|   | Species: Rat   |
|   | Application Route: Oral                                |
|   | Fertility: NOAEL: 250 mg/kg body weight                |
| Result: May cause adverse reproductive effects., Reduced fertility of F1 generation |  |
| Effects on foetal development   | Test Type: Development                                 |
|   | Species: Mouse   |
|   | Application Route: Oral                                |
|   | Embryo-foetal toxicity: NOAEL: 400 mg/kg body weight   |
| Remarks: No significant adverse effects were reported                               |  |
| Maternal toxicity observed.   |  |
|   | Test Type: Development                                 |
|   | Species: Rat   |
|   | Application Route: Oral                                |
|   | Embryo-foetal toxicity: NOAEL: 1,200 mg/kg body weight |
| Remarks: No significant adverse effects were reported                               |  |
| Maternal toxicity observed.   |  |
| Reproductive toxicity - Assessment  | Suspected of damaging fertility.                       |

**STOT - single exposure**

May cause respiratory irritation.

**Components:****Cefalexin:**

|                 |                                     |
|-----------------|-------------------------------------|
| Exposure routes | : Inhalation                        |
| Assessment      | : May cause respiratory irritation. |

## Cefalexin Formulation

|         |                |                |                                 |
|---------|----------------|----------------|---------------------------------|
| Version | Revision Date: | SDS Number:    | Date of last issue: 2024/11/26  |
| 2.0     | 2025/04/14     | 11474863-00002 | Date of first issue: 2024/11/26 |

**STOT - repeated exposure**

May cause damage to organs (Kidney, Adrenal gland, Blood, Gastrointestinal tract) through prolonged or repeated exposure.

**Components:****Cefalexin:**

|               |  |
|---------------|--|
| Target Organs | : Kidney, Adrenal gland, Blood, Gastrointestinal tract               |
| Assessment    | : May cause damage to organs through prolonged or repeated exposure. |

**Repeated dose toxicity****Components:****Cefalexin:**

|                   |  |
|-------------------|--|
| Species           | : Rat  |
| NOAEL             | : < 160 mg/kg  |
| Application Route | : Oral   |
| Target Organs     | : Kidney, Adrenal gland, Blood                           |
| Symptoms          | : Vomiting, Diarrhoea, Kidney disorders, Blood disorders |

|                   |  |
|-------------------|--|
| Species           | : Dog  |
| NOAEL             | : < 160 mg/kg  |
| Application Route | : Oral   |
| Target Organs     | : Kidney, Adrenal gland, Blood                           |
| Symptoms          | : Vomiting, Diarrhoea, Blood disorders, Kidney disorders |

|                   |  |
|-------------------|--|
| Species           | : Monkey   |
| NOAEL             | : < 160 mg/kg  |
| Application Route | : Oral   |
| Target Organs     | : Kidney, Adrenal gland, Blood                           |
| Symptoms          | : Vomiting, Diarrhoea, Blood disorders, Kidney disorders |

**Aspiration toxicity**

Not classified based on available information.

**Experience with human exposure****Components:****Cefalexin:**

|            |   |
|------------|---|
| Inhalation | : Target Organs: Respiratory Tract<br>Remarks: May cause irritation of respiratory tract.<br>May cause sensitisation by inhalation.   |
| Ingestion  | : Target Organs: Gastrointestinal tract<br>Symptoms: The most common side effects are:, Nausea,<br>Vomiting, Abdominal pain, Diarrhoea, liver function change,<br>blood effects |

II Proper shipping name : Aviation regulated liquid, n.o.s.  
(Cefalexin)  
Class : 9  
Packing group : III  
Labels : Miscellaneous  
Packing instruction (cargo aircraft) : 964  
Packing instruction (passenger aircraft) : 964

**IMDG-Code**

UN number : Not applicable  
Proper shipping name : Not applicable  
Class : Not applicable  
Subsidiary risk : Not applicable  
Packing group : Not applicable  
Labels : Not applicable  
EmS Code : Not applicable  
Marine pollutant : Not applicable

**Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code**

Not applicable for product as supplied.

**National Regulations**

Refer to section 15 for specific national regulation.

**Special precautions for user**

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.
