### Section 3: Composition/information on ingredients

Substance / Mixture	:	Mixture
	•	TVII/CUTO

### Components

Chemical name	CAS-No.	Concentration (% w/w)
Chlorhexidine	55-56-1	>= 20 -< 25

### Section 4: First-aid measures

General advice	In the case of accident or if you feel unwell, seek n vice immediately. When symptoms persist or in all cases of doubt se advice.	
If inhaled	If inhaled, remove to fresh air. Get medical attention if symptoms occur.	
In case of skin contact	In case of contact, immediately flush skin with soa of water.	o and plenty
In case of eye contact	Get medical attention if symptoms occur. In case of contact, immediately flush eyes with ple for at least 15 minutes.	nty of water
If swallowed	If easy to do, remove contact lens, if worn. Get medical attention. If swallowed, DO NOT induce vomiting. Get medical attention if symptoms occur.	
Most important symptoms and effects, both acute and delayed	Rinse mouth thoroughly with water. Causes serious eye irritation. May cause damage to organs through prolonged o exposure.	or repeated

Version 7.2	Revision Date: 06.09.2024		91689-00011	Date of last issue: 30.09.2023 Date of first issue: 17.03.2020	
Prote	ection of first-aiders	:		ers should pay attention to self-protection, nmended personal protective equipment	
Note	s to physician	:		al for exposure exists (see section 8). cally and supportively.	
Section 5	: Fire-fighting measure	S			
Suita	ble extinguishing media	:	Water spray Alcohol-resistant Carbon dioxide (C Dry chemical		
Unsu medi	iitable extinguishing a	:	None known.		
Spec fighti	ific hazards during fire- ng	:	Exposure to combustion products may be a hazard to health.		
Haza ucts	ardous combustion prod-	:	Carbon oxides		
Spec ods	ific extinguishing meth-	:	cumstances and to Use water spray to	g measures that are appropriate to local cir- the surrounding environment. to cool unopened containers. ged containers from fire area if it is safe to de	
	ial protective equipment efighters	:		e, wear self-contained breathing apparatus. tective equipment.	
Hazo	hem Code	:	3Z		
Section 6	: Accidental release me	eas	ures		
tive e	onal precautions, protec- equipment and emer- y procedures	:	Follow safe hand	tective equipment. ling advice (see section 7) and personal pro- t recommendations (see section 8).	

Environmental precautions :	Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Prevent spreading over a wide area (e.g. by containment or oil barriers). Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained.
Methods and materials for : containment and cleaning up	Soak up with inert absorbent material. For large spills, provide dyking or other appropriate contain- ment to keep material from spreading. If dyked material can be pumped, store recovered material in appropriate container.

Version 7.2	Revision Date: 06.09.2024		OS Number: 91689-00011	Date of last issue: 30.09.2023 Date of first issue: 17.03.2020
			bent. Local or national posal of this mate employed in the mine which regul	ing materials from spill with suitable absor- regulations may apply to releases and dis- erial, as well as those materials and items cleanup of releases. You will need to deter- lations are applicable. 15 of this SDS provide information regarding
				ational requirements.
Section 7	: Handling and storage	ge		
Tech	nical measures	:		measures under EXPOSURE RSONAL PROTECTION section.
	l/Total ventilation ce on safe handling	:	Use only with ad Do not breathe n	equate ventilation.
		·	Do not swallow. Do not get in eye Avoid prolonged Wash skin thorou Handle in accord practice, based of sessment	
Hygie	ene measures	:		emical is likely during typical use, provide eye

		environment.
Hygiene measures	:	If exposure to chemical is likely during typical use, provide eye flushing systems and safety showers close to the working place.
		When using do not eat, drink or smoke.
		Wash contaminated clothing before re-use.
		The effective operation of a facility should include review of engineering controls, proper personal protective equipment, appropriate degowning and decontamination procedures, industrial hygiene monitoring, medical surveillance and the use of administrative controls.
Conditions for safe storage	:	
Conditions for sale storage	·	Store in accordance with the particular national regulations.
Materials to avoid	:	Do not store with the following product types: Strong oxidizing agents

### Section 8: Exposure controls/personal protection

### Components with workplace control parameters

Components	CAS-No.	Value type (Form of exposure)	Control parame- ters / Permissible concentration	Basis
Chlorhexidine	55-56-1	TWA	40 µg/m3 (OEB 3)	Internal
	Further information: RSEN, DSEN			
		Wipe limit	100 µg/100 cm2	Internal

#### Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

#### Section 15: Regulatory information

### Safety, health and environmental regulations/legislation specific for the substance or mixture

### **HSNO Approval Number**

HSR100759 Veterinary Medicines Non dispersive Open System Application Group Standard

Tolerable Exposure Limits (TEL)

Not applicable

Environmental Exposure Limits (EEL)

Not applicable

#### **HSW Controls**

Certified handler certificate not required. Tracking hazardous substance not required. Refer to the Health and Safety at Work (Hazardous Substances) Regulations 2017, for further information.

#### The components of this product are reported in the following inventories:

DSL		not determined
AICS	:	not determined
IECSC	:	not determined
