Copper Oxide Solid Formulation

Revision Date:

28.09.2024

SDS Number:

11153925-00008

| Section 1: Identification | |
|--|--|
| Product identifier : | Copper Oxide Solid Formulation |
| Other means of identifica- : tion | COOPERS PERMATRACE COPPER 10 CAPSULES FOR CALVES AND ADULT CATTLE (47689) COOPERS PERMATRACE COPPER 20 CAPSULES FOR CATTLE (47688) COOPERS PERMATRACE COPPER CAPSULES FOR ADULT SHEEP & GOATS (47637) |
| Recommended use of the chem | nical and restrictions on use |
| Recommended use : Restrictions on use : | Veterinary product Not applicable |
| Manufacturer or supplier's deta | ills |
| Company : | MSD |
| Address | 50 Tuas West Drive Singapore - Singapore 638408 |
| Telephone : | +1-908-740-4000 |
| Emergency telephone number : | 65 6697 2111 (24/7/365) |
| E-mail address : | EHSDATASTEWARD@msd.com |
| Section 2: Hazard identification | |
| Classification of the substance | or mixture |
| Short-term (acute) aquatic : hazard | Category 1 |
| Long-term (chronic) aquatic : hazard | Category 1 |
| GHS Label elements, including | precautionary statements |
| Hazard pictograms : | ¥ |
| Signal word : | Warning |
| Hazard statements : | H410 Very toxic to aquatic life with long lasting effects. |

| Version | Revision Date: 28.09.2024 | SDS Number: | Date of last issue: 06.07.2024 |
|---------|---------------------------|----------------|---------------------------------|

| | | | |

Precautionary statements

Prevention:

2

P273 Avoid release to the environment.

Response:

P391 Collect spillage.

Disposal:

P501 Dispose of contents/ container to an approved waste disposal plant.

Other hazards which do not result in classification

Dust contact with the eyes can lead to mechanical irritation. Contact with dust can cause mechanical irritation or drying of the skin. May form explosive dust-air mixture during processing, handling or other means.

Section 3: Composition/information on ingredients

Substance / Mixture : Mixture

Components

| · · · | | |
|----------------------------|------------|-----------------------|
| Chemical name | CAS-No. | Concentration (% w/w) |
| Copper oxide | 1317-38-0 | >= 30 -< 50 |
| Calcium carbonate | 471-34-1 | >= 1 -< 10 |
| Diiron trioxide | 1309-37-1 | >= 1 -< 10 |
| tert-Butyl-4-methoxyphenol | 25013-16-5 | >= 0.25 -< 1 |
| 2,6-Di-tert-butyl-p-cresol | 128-37-0 | >= 0.1 -< 0.25 |

Section 4: First-aid measures

Description of necessary first-aid measures

| General advice | : In the case of accident or if you feel unwell, seek medical vice immediately. | ad- |
|-------------------------|---|-------|
| | When symptoms persist or in all cases of doubt seek med advice. | ical |
| If inhaled | : If inhaled, remove to fresh air. | |
| | Get medical attention. | |
| In case of skin contact | : In case of contact, immediately flush skin with soap and pl | lenty |
| | of water. | |
| | Remove contaminated clothing and shoes. | |
| | Get medical attention. | |
| | Wash clothing before reuse. | |
| | Thoroughly clean shoes before reuse. | |
| In case of eye contact | : If in eyes, rinse well with water. | |
| | Get medical attention if irritation develops and persists. | |
| If swallowed | : If swallowed, DO NOT induce vomiting. | |
| | Get medical attention. | |
| | Rinse mouth thoroughly with water. | |
| •• •• • • • | | |

 Most important symptoms and effects, both acute and delayed

 Risks
 : Contact with dust can cause mechanical irritation or drying of

Section 7: Handling and storage

Precautions for safe handling

| Technical measures | Static electricity may accumulate and ignite suspended dust causing an explosion. Provide adequate precautions, such as electrical grounding and bonding, or inert atmospheres. |
|--|--|
| Local/Total ventilation Advice on safe handling | Use only with adequate ventilation. Do not breathe dust. Do not swallow. Avoid contact with eyes. Avoid prolonged or repeated contact with skin. |
| | Handle in accordance with good industrial hygiene and safety practice, based on the results of the workplace exposure assessment |
| | Minimize dust generation and accumulation. |
| | Keep container closed when not in use. |
| | Keep away from heat and sources of ignition. |
| | Take precautionary measures against static discharges. Take care to prevent spills, waste and minimize release to the environment. |
| Hygiene measures | If exposure to chemical is likely during typical use, provide eye flushing systems and safety showers close to the working place. |
| | When using do not eat, drink or smoke. |
| | Wash contaminated clothing before re-use. |
| | The effective operation of a facility should include review of |
| | engineering controls, proper personal protective equipment, appropriate degowning and decontamination procedures, industrial hygiene monitoring, medical surveillance and the use of administrative controls. |
| Conditions for safe storage | ncluding any incompatibilities |

Conditions for safe storage, including any incompatibilities

Conditions for safe storage : Keep in properly labelled containers.

| Version 4.1 | Revision Date: 28.09.2024 | SDS Number: 11153925-00008 | Date of last issue: 06.07.2024 Date of first issue: 20.12.2022 |

| | | | |
| Mate | erials to avoid | | ance with the particular national regulations. h the following product types: J agents |

Section 8: Exposure controls/personal protection

Control parameters

Occupational Exposure Limits

| Components | CAS-No. | Value type (Form of exposure) | Control parame- ters / Permissible concentration | Basis |
|----------------------------|-----------|--|--|--------|
| Calcium carbonate | 471-34-1 | PEL (long term) | 10 mg/m3 (Calcium car- bonate) | SG OEL |
| Diiron trioxide | 1309-37-1 | PEL (long term) | 10 mg/m3 | SG OEL |
| | | TWA (Res- pirable par- ticulate mat- ter) | 5 mg/m3 | ACGIH |
| 2,6-Di-tert-butyl-p-cresol | 128-37-0 | PEL (long term) | 10 mg/m3 | SG OEL |
| | | TWA (Inhal- able fraction and vapor) | 2 mg/m3 | ACGIH |

| Appropriate engineering control measures | : | Use feasible engineering controls to minimize exposure to compound. All engineering controls should be implemented by facility design and operated in accordance with GMP principles to protect products, workers, and the environment. |
|--|------|---|
| Individual protection measu | ires | s, such as personal protective equipment (PPE) |
| Eye/face protection | : | Wear safety glasses with side shields or goggles. If the work environment or activity involves dusty conditions, mists or aerosols, wear the appropriate goggles. Wear a faceshield or other full face protection if there is a potential for direct contact to the face with dusts, mists, or aerosols. |
| Skin protection | : | Work uniform or laboratory coat. |
| Respiratory protection | : | If adequate local exhaust ventilation is not available or expo- sure assessment demonstrates exposures outside the rec- ommended guidelines, use respiratory protection. |
| Filter type Hand protection | : | Particulates type |
| Material | : | Chemical-resistant gloves |

Section 13: Disposal considerations

| Disposal methods | | |
|------------------------|--|----|
| Waste from residues | : Do not dispose of waste into sewer. Dispose of in accordance with local regulations. | |
| Contaminated packaging | Empty containers should be taken to an approved waste han dling site for recycling or disposal. If not otherwise specified: Dispose of as unused product. | 1- |

Transport in bulk according to IMO instruments

Not applicable for product as supplied.

Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

Section 15: Regulatory information

Safety, health and environmental regulations specific for the product in question

Workplace Safety and Health Act and Workplace Safety and Health (General Provisions) Regulations: This product is subjected to the SDS, labelling, PEL and other requirements in the Act/Regulations.

| Environmental Protection and Management Act and Environmental Protection and Management (Hazard- ous Substances) Regulations | : | Not applicable | |
|--|---|----------------|--|
| Fire Safety (Petroleum and Flammable Materials) | : | Not applicable | |

The components of this product are reported in the following inventories:

| AICS | : | not determined |
|-------|---|----------------|
| DSL | : | not determined |
| IECSC | : | not determined |

Section 16: Other information

Regulations

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.
