#### **1. PRODUCT AND COMPANY IDENTIFICATION**

Chemical product name	:	Enilconazole Smoke Formulation
Supplier's company name, ac Company name of supplier		
Address	:	Kumagaya, Saitama Prefecture , Xicheng 810 MSD Co., Ltd. Menuma factory
Telephone	:	048-588-8411
E-mail address	:	EHSDATASTEWARD@msd.com
Emergency telephone number	:	+1-908-423-6000

#### Recommended use of the chemical and restrictions on use

Recommended use	:	Veterinary product
Restrictions on use	:	Not applicable

#### 2. HAZARDS IDENTIFICATION

#### **GHS** classification of chemical product

Oxidizing solids	:	Category 1
Serious eye damage/eye irri- tation	:	Category 2A
Carcinogenicity	:	Category 2
Specific target organ toxicity - repeated exposure	:	Category 2 (Liver)
Short-term (acute) aquatic hazard	:	Category 3
Long-term (chronic) aquatic hazard	:	Category 1

#### **GHS** label elements

Hazard pictograms		
Signal word	: Danger	

## SAFETY DATA SHEET

sumed

## Enilconazole Smoke Formulation

/ersion 1.0	Revision Date: 2024/09/28	SDS Number: 785474-00022	Date of last issue: 2024/04/06 Date of first issue: 2016/06/28

#### **3. COMPOSITION/INFORMATION ON INGREDIENTS**

Substance / Mixture : Mixture

Components

Chemical name	CAS-No.	Concentration (% w/w)	ENCS No.
Talc	14807-96-6	>= 50 - < 60	1-468
1-[2-(allyloxy)-2-(2,4- dichlorophenyl)ethyl]-1H-imidazole	35554-44-0	>= 10 - < 20	
Potassium chlorate	3811-04-9	14	1-229

#### 4. FIRST AID MEASURES

General advice	:	In the case of accident or if you feel unwell, seek medical ad- vice immediately. When symptoms persist or in all cases of doubt seek medical
		advice.
If inhaled	:	If inhaled, remove to fresh air.
		Get medical attention.
In case of skin contact	:	In case of contact, immediately flush skin with soap and plenty
		of water.
		Remove contaminated clothing and shoes. Get medical attention.
		Wash clothing before reuse.
		Thoroughly clean shoes before reuse.
In case of eye contact		In case of contact, immediately flush eyes with plenty of water
	•	for at least 15 minutes.
		If easy to do, remove contact lens, if worn.
		Get medical attention.
If swallowed	:	If swallowed, DO NOT induce vomiting.
		Get medical attention.
		Rinse mouth thoroughly with water.
Most important symptoms	:	Causes serious eye irritation.
and effects, both acute and		Suspected of causing cancer.
delayed		May cause damage to organs through prolonged or repeated exposure.
		Contact with dust can cause mechanical irritation or drying of the skin.
Protection of first-aiders	:	First Aid responders should pay attention to self-protection, and use the recommended personal protective equipment when the potential for exposure exists (see section 8).
Notes to physician	:	Treat symptomatically and supportively.
5. FIREFIGHTING MEASURES		

Suitable extinguishing media :

Water spray Alcohol-resistant foam Carbon dioxide (CO2)

Version 11.0	Revision Date: 2024/09/28		DS Number: 5474-00022	Date of last issue: 2024/04/06 Date of first issue: 2016/06/28
			Dry chemical	
Uns med	uitable extinguishing ia	:	None known.	
Spee fight	cific hazards during fire- ing	:	concentrations, ai potential dust exp	dust; fine dust dispersed in air in sufficient nd in the presence of an ignition source is a losion hazard. oustion products may be a hazard to health.
Haza ucts	ardous combustion prod-	:	Carbon oxides Chlorine compour Metal oxides	nds
Spec ods	cific extinguishing meth-	:	cumstances and t Fight fire remotely Use water spray t	measures that are appropriate to local cir- he surrounding environment. due to the risk of explosion. o cool unopened containers. ged containers from fire area if it is safe to do
	cial protective equipment refighters	:	In the event of fire Use personal prot	e, wear self-contained breathing apparatus. ective equipment.

### 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protec- : tive equipment and emer- gency procedures	Evacuate personnel to safe areas. Only trained personnel should re-enter the area. Remove all sources of ignition. Use personal protective equipment. Follow safe handling advice (see section 7) and personal pro- tective equipment recommendations (see section 8).
Environmental precautions :	Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained.
Methods and materials for : containment and cleaning up	Non-sparking tools should be used. Soak up with inert absorbent material. Avoid dispersal of dust in the air (i.e., clearing dust surfaces with compressed air). Flush with water. Suppress (knock down) gases/vapours/mists with a water spray jet. Dust deposits should not be allowed to accumulate on surfac- es, as these may form an explosive mixture if they are re- leased into the atmosphere in sufficient concentration. Local or national regulations may apply to releases and dis-

Version 11.0	Revision Date: 2024/09/28	SDS Number: 785474-00022	Date of last issue: 2024/04/06 Date of first issue: 2016/06/28
		employed in th mine which reg Sections 13 an	aterial, as well as those materials and items e cleanup of releases. You will need to deter- gulations are applicable. Ind 15 of this SDS provide information regarding r national requirements.

#### 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Threshold limit value and permissible exposure limits for each component in the work en-
vironment

Components	CAS-No.	Value type (Form of exposure)	Control parame- ters / Concentra- tion standard / Permissible con- centration	Basis
Talc	14807-96-6	OEL-M (Respirable particulate matter)	1 mg/m3	JP OEL JSOH
		OEL-M (Total particulate matter)	4 mg/m3	JP OEL JSOH
		TWA (Res- pirable par- ticulate mat- ter)	2 mg/m3	ACGIH
1-[2-(allyloxy)-2-(2,4- dichlorophenyl)ethyl]-1H- imidazole	35554-44-0	TWA	0.3 mg/m3 (OEB 2)	Internal
	Further informa	ation: Skin		

Engineering measures :	Use feasible engineering controls to minimize exposure to compound. All engineering controls should be implemented by facility design and operated in accordance with GMP principles to protect products, workers, and the environment.
Personal protective equipmen	t
Respiratory protection :	If adequate local exhaust ventilation is not available or expo- sure assessment demonstrates exposures outside the rec- ommended guidelines, use respiratory protection.
Filter type :	Particulates type
Hand protection	
Material :	Chemical-resistant gloves

Version 11.0	Revision Date: 2024/09/28		S Number: 5474-00022	Date of last issue: 2024/04/06 Date of first issue: 2016/06/28	
Remarks Eye protection		:	<ul> <li>Take note that the product is flammable, which may impatine selection of hand protection.</li> <li>Wear safety glasses with side shields or goggles. If the work environment or activity involves dusty condition mists or aerosols, wear the appropriate goggles. Wear a faceshield or other full face protection if there is a potential for direct contact to the face with dusts, mists, or aerosols.</li> </ul>		
	and body protection	:	Work uniform or	aboratory coat.

### **10. STABILITY AND REACTIVITY**

Reactivity Chemical stability Possibility of hazardous reac- tions	:	May cause fire or explosion; strong oxidizer. Stable under normal conditions. May form explosive dust-air mixture during processing, han- dling or other means. Exposure to metals, combustible or organic materials can cause a violent reaction or ignition. May cause fire or explosion; strong oxidizer.
Conditions to avoid	:	Heat, flames and sparks. Avoid dust formation.
Incompatible materials	:	Accelerators, strong acids and bases, heavy metals and heavy metal salts, reducing agents Flammable materials Organic materials
Hazardous decomposition products	:	No hazardous decomposition products are known.

#### Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

#### National Regulations

Refer to section 15 for specific national regulation.

#### Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

**ERG Code** : 140

#### **15. REGULATORY INFORMATION**

#### **Related Regulations**

#### Fire Service Law

Not applicable to dangerous materials / designated flammables.

#### **Chemical Substance Control Law**

Not applicable for Specified Chemical Substance, Monitoring Chemical Substance and Priority Assessment Chemical Substance.

#### Industrial Safety and Health Law

#### Harmful Substances Prohibited from Manufacture

Not applicable

#### Harmful Substances Required Permission for Manufacture

Not applicable

#### Substances Prevented From Impairment of Health

Not applicable

# Circular concerning Information on Chemicals having Mutagenicity - Annex 2: Information on Existing Chemicals having Mutagenicity

Not applicable

Version	Revision Date:	SDS Number:	Date of last issue: 2024/04/06
11.0	2024/09/28	785474-00022	Date of first issue: 2016/06/28

## Circular concerning Information on Chemicals having Mutagenicity - Annex 1: Information on Notified Substances having Mutagenicity

Not applicable

#### Substances Subject to be Notified Names

Article 57-2 (Enforcement Order Table 9)

Chemical name	Concentration (%)	Remarks
Talc (Mg3H2(SiO3)4) (without asbestos	>=50 - <60	From April 1st, 2025
and quartz)		
1-[2-(allyloxy)-2-(2,4-	>=10 - <20	From April 1st, 2026
dichlorophenyl)ethyl]-1H-imidazole		
potassium chlorate	>=10 - <20	From April 1st, 2026

#### Substances Subject to be Indicated Names

Article 57 (Enforcement Order Article 18)

Chemical name	Remarks
Talc (Mg3H2(SiO3)4)	From April 1st, 2025
1-[2-(allyloxy)-2-(2,4-dichlorophenyl)ethyl]-1H-imidazole	From April 1st, 2026
potassium chlorate	From April 1st, 2026

#### Skin and Eye Damage Substances for PPE Requirements (ISHL MO Art. 594-2) Not applicable

Carcinogenic Substances (Article 577-2 of the Occupational Health and Safety Regulations)

Not applicable

#### Ordinance on Prevention of Hazards Due to Specified Chemical Substances

Not applicable

#### **Ordinance on Prevention of Lead Poisoning**

Not applicable

#### Ordinance on Prevention of Tetraalkyl Lead Poisoning

Not applicable

#### **Ordinance on Prevention of Organic Solvent Poisoning**

Not applicable

## Enforcement Order of the Industrial Safety and Health Law - Attached table 1 (Dangerous Substances)

Not applicable

#### Poisonous and Deleterious Substances Control Law

Deleterious substance	
Chemical name	Cabinet Order Number
Chlorates and preparations containing them	18

Act on Confirmation, etc. of Release Amounts of Specific Chemical Substances in the Environment and Promotion of Improvements to the Management Thereof

#### **Class I Designated Chemical Substances**

Chemical name	Administration number	Concentration (%)

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.
