ING AND STORAGE

Handling		
Technical measures	 Static electricity may accumulate and ignite suspended dus causing an explosion. Provide adequate precautions, such as electrical grounding and bonding, or inert atmospheres. 	
Local/Total ventilation	: Use only with adequate ventilation.	
Advice on safe handling	 Do not breathe dust. Do not swallow. Do not get in eyes. Avoid prolonged or repeated contact with skin. Handle in accordance with good industrial hygiene and safe practice, based on the results of the workplace exposure as sessment Keep container tightly closed. Minimize dust generation and accumulation. Keep container closed when not in use.
