4.1	2024/09/28	462

S Number: 24624-00014

Date of last issue: 2024/07/06 Date of first issue: 2019/07/09

Storage:

P403 + P235 Store in a well-ventilated place. Keep cool. P405 Store locked up.

Disposal:

P501 Dispose of contents/ container to an approved waste disposal plant.

Other hazards which do not result in classification

Vapours may form explosive mixture with air.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

Components

Chemical name	CAS-No.	Concentration (% w/w)
Soya oil	8001-22-7	>= 30 -< 60
N-Methyl-2-pyrrolidone	872-50-4	>= 30 -< 60
Propan-2-ol	67-63-0	< 10
Butanone	78-93-3	< 10
6-Octenal, 3,7-dimethyl-	106-23-0	>= 1 -< 10
Fluazuron	86811-58-7	>= 2.5 -< 10
2,6-Di-tert-butyl-p-cresol	128-37-0	>= 0.25 -< 2.5

4. FIRST AID MEASURES

General advice	:	In the case of accident or if you feel unwell, seek medical ad- vice immediately. When symptoms persist or in all cases of doubt seek medical advice.
If inhaled	:	If inhaled, remove to fresh air. Get medical attention.
In case of skin contact	:	In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Get medical attention. Wash clothing before reuse. Thoroughly clean shoes before reuse.
In case of eye contact	:	In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. If easy to do, remove contact lens, if worn. Get medical attention.
If swallowed	:	If swallowed, DO NOT induce vomiting. Get medical attention. Rinse mouth thoroughly with water.
Most important symptoms and effects, both acute and delayed	:	Causes skin irritation. May cause an allergic skin reaction. Causes serious eye irritation. May cause respiratory irritation.

Version 4.1	Revision Date: 2024/09/28		0S Number: 24624-00014	Date of last issue: 2024/07/06 Date of first issue: 2019/07/09
	ection of first-aiders s to physician	:	and use the rec when the poten	e unborn child. Iders should pay attention to self-protection, ommended personal protective equipment tial for exposure exists (see section 8). atically and supportively.

gency procedures	Follow safe handling advice (see section 7) and personal pro- tective equipment recommendations (see section 8).
Environmental precautions	 Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Prevent spreading over a wide area (e.g. by containment or oil barriers). Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained.

Versi 4.1	on Revision Date: 2024/09/28		Number: 624-00014	Date of last issue: 2024/07/06 Date of first issue: 2019/07/09	
Methods and materials for containment and cleaning up		SS SF C D L P e R S	Non-sparking tools should be used. Soak up with inert absorbent material. Suppress (knock down) gases/vapours/mists with a was spray jet. For large spills, provide dyking or other appropriate con ment to keep material from spreading. If dyked materia be pumped, store recovered material in appropriate co Clean up remaining materials from spill with suitable al bent. Local or national regulations may apply to releases and posal of this material, as well as those materials and its employed in the cleanup of releases. You will need to of mine which regulations are applicable. Sections 13 and 15 of this SDS provide information reg- certain local or national requirements.

mendations on the Transport of Dangerous Goods; vPvB - Very Persistent and Very Bioaccumulative; WHMIS - Workplace Hazardous Materials Information System

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.
