### 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

#### Components

Chemical name	CAS-No.	Concentration (% w/w)
1-deoxy-1-(methylamino)-D-glucitol 2-[2-	42461-84-7	>= 3 -< 10
methyl-3-(perfluoromethyl)anilino]nicotinate		
Phenol	108-95-2	>= 0.25 -< 1
2,2'-Iminodiethanol	111-42-2	< 1
Sodium hydroxymethanesulphinate	6035-47-8	< 1

### 4. FIRST AID MEASURES

General advice	:	In the case of accident or if you feel unwell, seek medical ad- vice immediately. When symptoms persist or in all cases of doubt seek medical advice.
If inhaled	:	If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen.

Versior 3.1	n Revision Date: 2023/09/30		9S Number: 08634-00017	Date of last issue: 2023/04/04 Date of first issue: 2017/02/21			
In	case of skin contact	:	of water.	, immediately flush skin with soap and plenty			
In case of eye contact		:	Remove contaminated clothing and shoes. Get medical attention. Wash clothing before reuse. Thoroughly clean shoes before reuse. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. If easy to do, remove contact lens, if worn.				
lf s	swallowed	:	Get medical atten	NOT induce vomiting. tion.			
an	ost important symptoms d effects, both acute and layed	:	Never give anythi Harmful if swallow Causes serious e Toxic if inhaled. May cause damag				
	otection of first-aiders otes to physician	:	<ul> <li>exposure.</li> <li>First Aid responders should pay attention to self-prot and use the recommended personal protective equip when the potential for exposure exists (see section 8)</li> <li>Treat symptomatically and supportively.</li> </ul>				
5. FIRE	FIGHTING MEASURES						
Su	itable extinguishing media	:	Water spray Alcohol-resistant Carbon dioxide (C Dry chemical				
	nsuitable extinguishing edia	:	None known.				
Sp	becific hazards during fire- hting	:	Exposure to comb	pustion products may be a hazard to health.			
	azardous combustion prod-	:	Carbon oxides Fluorine compour Nitrogen oxides (I				
Sr od	ecific extinguishing meth- s	:	: Use extinguishing measures that are appropriate to local or cumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe t so.				
	ecial protective equipment firefighters	:		e, wear self-contained breathing apparatus. tective equipment.			
6. ACC	IDENTAL RELEASE MEA	SUF	RES				

Personal precautions, protec- :	Use personal protective equipment.
tive equipment and emer-	Follow safe handling advice (see section 7) and personal pro-
gency procedures	tective equipment recommendations (see section 8).

Version 3.1	Revision Date: 2023/09/30		0S Number: 08634-00017	Date of last issue: 2023/04/04 Date of first issue: 2017/02/21	
Environmental precautions		:	<ul> <li>Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Prevent spreading over a wide area (e.g. by contain barriers). Retain and dispose of contaminated wash water. Local authorities should be advised if significant spil cannot be contained.</li> </ul>		
Methods and materials for containment and cleaning up			Soak up with inert absorbent material. For large spills, provide dyking or other appropriate conta ment to keep material from spreading. If dyked material of be pumped, store recovered material in appropriate conta Clean up remaining materials from spill with suitable absorbent. Local or national regulations may apply to releases and of posal of this material, as well as those materials and item employed in the cleanup of releases. You will need to det mine which regulations are applicable. Sections 13 and 15 of this SDS provide information regar certain local or national requirements.		
7. HAN	DLING AND STORAGE				
Те	chnical measures	:		measures under EXPOSURE SONAL PROTECTION section.	
Lo	cal/Total ventilation	:		tion is unavailable, use with local exhaust	
Ad	vice on safe handling	<ul> <li>Do not breathe mist or vapours. Do not swallow. Do not get in eyes. Avoid prolonged or repeated contact with skin. Wash skin thoroughly after handling. Handle in accordance with good industrial hygiene and s practice, based on the results of the workplace exposure sessment Keep container tightly closed. Do not eat, drink or smoke when using this product. Take care to prevent spills, waste and minimize release environment.</li> </ul>			
Co	nditions for safe storage	:	Keep in properly I Store locked up.	abelled containers.	

Keep in a cool, well-ventilated place.Store in accordance with the particular national regulations.Materials to avoid: Do not store with the following product types:

Keep tightly closed.

Materials to avoid : Do not store with the following product types: Explosives

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.
