SECTION 2. HAZARDS IDENTIFICATION

| GHS Classification in accord Acute toxicity (Oral) | lan : | ce with ABNT NBR 14725 Standard Category 4 |
|---|----------|--|
| Serious eye damage | : | Category 1 |
| Specific target organ toxicity - repeated exposure | : | Category 2 (Gastrointestinal tract, Kidney, Blood) |
| Short-term (acute) aquatic hazard | : | Category 3 |
| Long-term (chronic) aquatic hazard | : | Category 3 |

GHS label elements in accordance with ABNT NBR 14725 Standard

| Hazard pictograms | : | |
|-------------------|---|---|
| Signal Word | : | Danger |
| Hazard Statements | : | H302 Harmful if swallowed. H318 Causes serious eye damage. H373 May cause damage to organs (Gastrointestinal tract, Kidney, Blood) through prolonged or repeated exposure. |

| Version 6.0 | Revision Date: 28.09.2024 | SDS Number: 656899-00019 | Date of last issue: 30.09.2023 Date of first issue: 02.05.2016 |
|----------------|---------------------------|---|---|
| | | H412 Harmful | to aquatic life with long lasting effects. |
| Preca | autionary Statements | P270 Do not e P273 Avoid re | kin thoroughly after handling. eat, drink or smoke when using this product. elease to the environment. re protection/ face protection. |
| | | CENTER/ doc P305 + P351 water for seve and easy to do CENTER/ doc | + P330 IF SWALLOWED: Call a POISON etor if you feel unwell. Rinse mouth. + P338 + P310 IF IN EYES: Rinse cautiously with eral minutes. Remove contact lenses, if present o. Continue rinsing. Immediately call a POISON etor. dical advice/ attention if you feel unwell. |

Other hazards which do not result in classification

None known.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

Components

| Chemical name | CAS-No. | Classification | Concentration (% w/w) |
|---|------------|--|-----------------------|
| Starch, oxidized | 65996-62-5 | | >= 20 -< 30 |
| 1-deoxy-1-(methylamino)-D- glucitol 2-[2-methyl-3- (perfluorome- thyl)anilino]nicotinate | 42461-84-7 | Acute Tox. (Oral), 3 Acute Tox. (Inhala- tion), 2 Eye Dam., 1 STOT SE, 3 STOT RE, (Gastroin- testinal tract, Kidney, Blood) , 1 Aquatic Acute, 2 Aquatic Chronic, 2 | >= 5 -< 10 |

SECTION 4. FIRST AID MEASURES

| General advice | In the case of accident or if you feel unwell, seek medical advice immediately. When symptoms persist or in all cases of doubt seek medical advice. |
|-------------------------|--|
| If inhaled | : If inhaled, remove to fresh air. Get medical attention if symptoms occur. |
| In case of skin contact | : In case of contact, immediately flush skin with soap and plenty of water. Get medical attention if symptoms occur. |
| In case of eye contact | In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. If easy to do, remove contact lens, if worn. |

| Version 6.0 | Revision Date: 28.09.2024 | SDS Number: 656899-00019 | Date of last issue: 30.09.2023 Date of first issue: 02.05.2016 |
|----------------|--|---|--|
| lf sw | allowed | : If swallowed, so by medica Get medical a Rinse mouth | attention. thoroughly with water. |
| | t important symptoms effects, both acute and yed | : Harmful if sw Causes serio | hything by mouth to an unconscious person. allowed. us eye damage. amage to organs through prolonged or repeated |
| | ection of first-aiders | : First Aid resp and use the r when the pot | onders should pay attention to self-protection, ecommended personal protective equipment ential for exposure exists (see section 8). |
| Note | s to physician | : Treat sympto | matically and supportively. |
| SECTION | 15. FIRE-FIGHTING ME | ASURES | |
| Suita | able extinguishing media | Alcohol-resis | tant foam |

| | | Carbon dioxide (CO2) Dry chemical |
|--|---|---|
| Unsuitable extinguishing media | : | None known. |
| Specific hazards during fire fighting | : | Exposure to combustion products may be a hazard to health. |
| Hazardous combustion prod- ucts | : | Carbon oxides Fluorine compounds Nitrogen oxides (NOx) Metal oxides |
| Specific extinguishing meth- ods | : | Use extinguishing measures that are appropriate to local cir- cumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe to do so. Evacuate area. |
| Special protective equipment for fire-fighters | : | In the event of fire, wear self-contained breathing apparatus. Use personal protective equipment. |

SECTION 6. ACCIDENTAL RELEASE MEASURES

| Personal precautions, protec- tive equipment and emer- gency procedures | : | Use personal protective equipment. Follow safe handling advice (see section 7) and personal protective equipment recommendations (see section 8). |
|---|---|--|
| Environmental precautions | : | Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained. |

| Version 6.0 | Revision Date: 28.09.2024 | | 0S Number: 6899-00019 | Date of last issue: 30.09.2023 Date of first issue: 02.05.2016 |
|----------------|---|----|---|---|
| | ods and materials for inment and cleaning up | : | container for dis Local or national disposal of this employed in the determine which Sections 13 and | cuum up spillage and collect in suitable sposal. Il regulations may apply to releases and material, as well as those materials and items e cleanup of releases. You will need to n regulations are applicable. The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.
