P501 Dispose of contents/ container to an approved waste disposal plant.

### Additional Labelling

The following percentage of the mixture consists of ingredient(s) with unknown hazards to the aquatic environment: 8.6 %

### Other hazards which do not result in classification

Dust contact with the eyes can lead to mechanical irritation. Contact with dust can cause mechanical irritation or drying of the skin. May form explosive dust-air mixture during processing, handling or other means.

### Section 3: Composition/information on ingredients

### Substance / Mixture : Mixture

### Components

| Chemical name  | CAS-No.    | Concentration (% w/w) |
|--|------------|-----------------------|
| 4,4'-methylenebis[3-hydroxy-2-naphthoic] acid,<br>compound with (E)-1,4,5,6-tetrahydro-1-methyl-<br>2-[2-(2-thienyl)vinyl]pyrimidine (1:1) | 22204-24-6 | >= 1 -< 10            |
| Ivermectin   | 70288-86-7 | >= 0.0025 -< 0.025    |

#### **Section 4: First-aid measures**

#### Description of necessary first-aid measures

| General advice              | :   | In the case of accident or if you feel unwell, seek medical ad-<br>vice immediately.<br>When symptoms persist or in all cases of doubt seek medical<br>advice. |
|-----------------------------|-----|--|
| If inhaled                  | :   | If inhaled, remove to fresh air.<br>Get medical attention if symptoms occur.   |
| In case of skin contact     | :   | Wash with water and soap.<br>Get medical attention if symptoms occur.  |
| In case of eye contact      | :   | If in eyes, rinse well with water.<br>Get medical attention if irritation develops and persists.   |
| If swallowed                | :   | If swallowed, DO NOT induce vomiting.<br>Get medical attention if symptoms occur.<br>Rinse mouth thoroughly with water.  |
| Most important symptoms a   | and | effects, both acute and delayed  |
| Risks                       | :   | Contact with dust can cause mechanical irritation or drying of the skin.<br>Dust contact with the eyes can lead to mechanical irritation.                      |
| Protection of first-aiders  | :   | No special precautions are necessary for first aid responders.   |
| Indication of any immediate | me  | edical attention and special treatment needed  |
| Treatment                   | :   | Treat symptomatically and supportively.  |

| 3.2         06.04.2024         52651-00030         Date of first issue: 02.02.2015 | Version | Revision Date: | SDS Number: | Date of last issue: 30.09.2023  |

## Section 5: Fire-fighting measures

| Suitable extinguishing media                  |       | Water spray   |
|---|-------|---|
|   | •     | Alcohol-resistant foam  |
|   |       | Carbon dioxide (CO2)  |
|   |       | Dry chemical  |
| Unsuitable extinguishing media                | :     | None known.   |
| Special hazards arising from                  | n th  | e substance or mixture  |
| Specific hazards during fire-<br>fighting     | :     | Avoid generating dust; fine dust dispersed in air in sufficient<br>concentrations, and in the presence of an ignition source is a<br>potential dust explosion hazard.<br>Exposure to combustion products may be a hazard to health. |
| Hazardous combustion prod-                    | :     | Carbon oxides   |
| ucts  |       | Nitrogen oxides (NOx)   |
|   |       | Sulphur oxides  |
|   |       | Metal oxides<br>Chlorine compounds  |
|   |       |   |
| Special protective actions for                | or fi | ire-fighters  |
| Special protective equipment for firefighters | :     | Wear self-contained breathing apparatus for firefighting if nec-<br>essary.<br>Use personal protective equipment.   |
| Specific extinguishing meth-                  | :     | Use extinguishing measures that are appropriate to local cir-   |
| ods   |       | cumstances and the surrounding environment.   |
|   |       | Use water spray to cool unopened containers.  |
|   |       | Remove undamaged containers from fire area if it is safe to do  |
|   |       | so.<br>Evacuate area.   |
|   |       |   |
|   |       |   |
| tion 6: Accidental release me                 | asi   | ures  |
|   |       |   |
|   |       | ures<br>uipment and emergency procedures<br>Follow safe handling advice (see section 7) and personal pro-   |

### **Environmental precautions**

| Environmental precautions | <ul> <li>Avoid release to the environment.</li> <li>Prevent further leakage or spillage if safe to do so.</li> <li>Retain and dispose of contaminated wash water.</li> <li>Local authorities should be advised if significant spillages cannot be contained.</li> </ul> |
|---------------------------|---|
|---------------------------|---|

## Methods and materials for containment and cleaning up

| Methods for cleaning up | <ul> <li>Sweep up or vacuum up spillage and collect in suitable con-<br/>tainer for disposal.</li> <li>Avoid dispersal of dust in the air (i.e., clearing dust surfaces<br/>with compressed air).</li> </ul> |
|-------------------------|--|
|                         |  |

### Aspiration toxicity

Not classified based on available information.

### Experience with human exposure

### **Components:**

### 4,4'-methylenebis[3-hydroxy-2-naphthoic] acid, compound with (E)-1,4,5,6-tetrahydro-1methyl-2-[2-(2-thienyl)vinyl]pyrimidine (1:1):

| Ingestion    | : Symptoms: Abdominal pain, Nausea, Vomiting, Diarrhoea, Headache, Dizziness, Fever                     |
|--------------|---|
| Ivermectin:  |   |
| Skin contact | : Remarks: Can be absorbed through skin.  |
| Eye contact  | : Remarks: May irritate eyes.   |
| Ingestion    | : Symptoms: Drowsiness, Dilatation of the pupil, Tremors, Vom-<br>iting, anorexia, Lack of coordination |

### Section 12: Ecological information

#### Toxicity

### **Components:**

4,4'-methylenebis[3-hydroxy-2-naphthoic] acid, compound with (E)-1,4,5,6-tetrahydro-1methyl-2-[2-(2-thienyl)vinyl]pyrimidine (1:1):

### Transport in bulk according to IMO instruments

Not applicable for product as supplied.

### Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

### Section 15: Regulatory information

#### Safety, health and environmental regulations specific for the product in question

Workplace Safety and Health Act and Workplace Safety and Health (General Provisions) Regulations: This product is subjected to the SDS, labelling, PEL and other requirements in the Act/Regulations.

Environmental Protection and Management Act and : Not applicable Environmental Protection and Management (Hazardous Substances) Regulations

Fire Safety (Petroleum and Flammable Materials) : Not applicable Regulations

#### The components of this product are reported in the following inventories:
