## SECTION 2. HAZARDS IDENTIFICATION

Specific target organ toxicity - repeated exposure (Oral)	:	Category 1 (Auditory system)
Short-term (acute) aquatic hazard	:	Category 1
Long-term (chronic) aquatic hazard	:	Category 1
GHS label elements in accor Hazard pictograms	dar :	nce with ABNT NBR 14725 Standard
Signal Word	:	Danger
Hazard Statements	:	H372 Causes damage to organs (Auditor prolonged or repeated exposure if swallow

Signal Word :	:	Danger
Hazard Statements :	:	H372 Causes damage to organs (Auditory system) through prolonged or repeated exposure if swallowed. H410 Very toxic to aquatic life with long lasting effects.
Precautionary Statements :	:	<b>Prevention:</b> P264 Wash skin thoroughly after handling. P270 Do not eat, drink or smoke when using this product. P273 Avoid release to the environment.

Version	Revision Date:	SDS Number:	Date of last issue: 15.12.2023
2.2	28.09.2024	11272801-00005	Date of first issue: 18.09.2023

#### **Response:**

P314 Get medical advice/ attention if you feel unwell. P391 Collect spillage.

## Other hazards which do not result in classification

None known.

## SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

#### Components

Chemical name	CAS-No.	Classification	Concentration (% w/w)
			Concentration (% w/w)
Kanamycin acid sulfate	64013-70-3	Acute Tox. (Oral), 5 STOT RE, (Oral)(Auditory sys- tem), 1 Aquatic Acute, 1 Aquatic Chronic, 1	>= 20 -< 25
Phenol	108-95-2	Acute Tox. (Oral), 3 Acute Tox. (Inhala- tion), 3 Acute Tox. (Dermal), 3 Skin Corr., 1B Eye Dam., 1 Muta., 2 STOT RE, (Central nervous system, Kid- ney, Liver, Skin), 2 Aquatic Acute, 2 Aquatic Chronic, 2	>= 0,1 -< 0,25

## **SECTION 4. FIRST AID MEASURES**

General advice	:	In the case of accident or if you feel unwell, seek medical advice immediately. When symptoms persist or in all cases of doubt seek medical advice.
If inhaled	:	If inhaled, remove to fresh air. Get medical attention if symptoms occur.
In case of skin contact	:	Wash with water and soap as a precaution. Get medical attention if symptoms occur.
In case of eye contact	:	Flush eyes with water as a precaution. Get medical attention if irritation develops and persists.
If swallowed	:	If swallowed, DO NOT induce vomiting. Get medical attention if symptoms occur. Rinse mouth thoroughly with water.
Most important symptoms and effects, both acute and delayed	:	Causes damage to organs through prolonged or repeated exposure if swallowed.
Protection of first-aiders	:	First Aid responders should pay attention to self-protection,

Vers 2.2	sion	Revision Date: 28.09.2024		9S Number: 272801-00005	Date of last issue: 15.12.2023 Date of first issue: 18.09.2023

		l protective equipment fighters	:	In the event of fire Use personal prot	e, wear self-contained breathing apparatus. ective equipment.

## SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protec- : tive equipment and emer- gency procedures	Use personal protective equipment. Follow safe handling advice (see section 7) and personal protective equipment recommendations (see section 8).
Environmental precautions :	Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Prevent spreading over a wide area (e.g., by containment or oil barriers). Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained.
Methods and materials for : containment and cleaning up	Soak up with inert absorbent material. For large spills, provide diking or other appropriate containment to keep material from spreading. If diked material can be pumped, store recovered material in appropriate container. Clean up remaining materials from spill with suitable absorbent. Local or national regulations may apply to releases and disposal of this material, as well as those materials and items
