|---------------|------------|-----------------------|
| Netobimin | 88255-01-0 | >= 3 -< 10 |

Section 4: First-aid measures

| Description of necessary first- | aid measures |
|---------------------------------|--|
| General advice : | In the case of accident or if you feel unwell, seek medical ad- vice immediately. |
| | When symptoms persist or in all cases of doubt seek medical advice. |
| If inhaled : | If inhaled, remove to fresh air. |
| | If not breathing, give artificial respiration. |
| | If breathing is difficult, give oxygen. |
| | Get medical attention. |
| In case of skin contact : | In case of contact, immediately flush skin with soap and plenty of water. |
| | Remove contaminated clothing and shoes. |
| | Get medical attention. |
| | Wash clothing before reuse. |
| | Thoroughly clean shoes before reuse. |
| In case of eye contact : | Flush eyes with water as a precaution. |

| | Revision Date: 06.07.2024 | SDS Number: 5840511-00011 | Date of last issue: 23.04.2024 Date of first issue: 04.05.2020 | | | |

Section 8: Exposure controls/personal protection

Control parameters

Occupational Exposure Limits

| Components | CAS-No. | Value type (Form of exposure) | Control parame- ters / Permissible concentration | Basis |
|------------|---------------------------|-------------------------------------|--|----------|
| Netobimin | 88255-01-0 | TWA | 70 ug/m3 (OEB 3) | Internal |
| | Further information: Skin | | | |
| | | Wipe limit | 700 ug/100cm2 | Internal |

| Appropriate engineering control measures | : | Use appropriate engineering controls and manufacturing technologies to control airborne concentrations (e.g., drip- less quick connections). All engineering controls should be implemented by facility design and operated in accordance with GMP principles to protect products, workers, and the environment. Containment technologies suitable for controlling compounds are required to control at source and to prevent migration of the compound to uncontrolled areas (e.g., open-face con- tainment devices). Minimize open handling. |
|---|------|--|
| Individual protection measu | ires | s, such as personal protective equipment (PPE) |
| Eye/face protection | : | Wear safety glasses with side shields or goggles. If the work environment or activity involves dusty conditions, mists or aerosols, wear the appropriate goggles. Wear a faceshield or other full face protection if there is a potential for direct contact to the face with dusts, mists, or aerosols. |
| Skin protection | : | Work uniform or laboratory coat. Additional body garments should be used based upon the task being performed (e.g., sleevelets, apron, gauntlets, dis- posable suits) to avoid exposed skin surfaces. Use appropriate degowning techniques to remove potentially contaminated clothing. |
| Respiratory protection | : | |
