1. PRODUCT AND COMPANY IDENTIFICATION

Product name	:	Oxfendazole Formulation				
Manufacturer or supplier's details Company : MSD						
Address	:	No. 485 Jing Tai Road Pu Tuo District - Shanghai - China 200331				
Telephone	:	+1-908-740-4000				
Emergency telephone number	:	86-571-87268110				
E-mail address	:	EHSDATASTEWARD@msd.com				
Recommended use of the ch	em	ical and restrictions on use				
Recommended use Restrictions on use	:	Veterinary product Not applicable				

2. HAZARDS IDENTIFICATION

Emergency Overview

Appearance Colour Odour	:	powder No data available No data available		
May damage fertility. May damage the unborn child. May cause damage to organs through pro- longed or repeated exposure. Very toxic to aquatic life with long lasting effects.				
GHS Classification				
Reproductive toxicity	:	Category 1B		
Specific target organ toxicity - repeated exposure	:	Category 2		
Short-term (acute) aquatic hazard	:	Category 1		
Long-term (chronic) aquatic hazard	:	Category 1

Physical and chemical hazards

Not classified based on available information.

Health hazards

May damage fertility. May damage the unborn child. May cause damage to organs through prolonged or repeated exposure.

Environmental hazards

Very toxic to aquatic life. Very toxic to aquatic life with long lasting effects.

Other hazards which do not result in classification

Dust contact with the eyes can lead to mechanical irritation. Contact with dust can cause mechanical irritation or drying of the skin. May form explosive dust-air mixture.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

according to GB/T 16483 and GB/T 17519

Oxfendazole Formulation

Version	Revision Date:	SDS Number:	Date of last issue: 2023/04/04
7.1	2023/09/30	253196-00022	Date of first issue: 2015/08/28

Components

Chemical name	CAS-No.	Concentration (% w/w)
oxfendazole	53716-50-0	>= 45 -<= 80
Cellulose	9004-34-6	>= 5 -<= 20
Magnesium stearate	557-04-0	1.48

4. FIRST AID MEASURES

	General advice	:	In the case of accident or if you feel unwell, seek medical ad- vice immediately. When symptoms persist or in all cases of doubt seek medical advice.
	If inhaled	:	If inhaled, remove to fresh air.
	In case of skin contact	:	Get medical attention. In case of contact, immediately flush skin with soap and plenty of water. Remove contaminated clothing and shoes. Get medical attention. Wash clothing before reuse.
			Thoroughly clean shoes before reuse.
	In case of eye contact	:	If in eyes, rinse well with water.
			Get medical attention if irritation develops and persists.
	If swallowed	:	If swallowed, DO NOT induce vomiting.
			Get medical attention.
	March land and a start a second and		Rinse mouth thoroughly with water.
	Most important symptoms	•	May damage fertility. May damage the unborn child.
	and effects, both acute and		May cause damage to organs through prolonged or repeated
	delayed		exposure. Contact with dust can cause mechanical irritation or drying of
			the skin.
			Dust contact with the eyes can lead to mechanical irritation.
	Protection of first-aiders	:	First Aid responders should pay attention to self-protection,
		•	and use the recommended personal protective equipment
			when the potential for exposure exists (see section 8).
	Notes to physician	:	Treat symptomatically and supportively.
5. F	FIREFIGHTING MEASURES		
	Suitable extinguishing media	:	Water spray Alcohol-resistant foam Carbon dioxide (CO2)
	Unsuitable extinguishing		Dry chemical High volume water jet
		•	riigii volume walei jel

media		
Specific hazards during fire-	:	Avoid generating dust; fine dust dispersed in air in sufficient
fighting		concentrations, and in the presence of an ignition source is a
		potential dust explosion hazard.
		Do not use a solid water stream as it may scatter and spread
		fire.

according to GB/T 16483 and GB/T 17519

Version 7.1	Revision Date: 2023/09/30	-	DS Number: 3196-00022	Date of last issue: 2023/04/04 Date of first issue: 2015/08/28

ACGIH CN OEL	:	USA. ACGIH Threshold Limit Values (TLV) Occupational exposure limits for hazardous agents in the workplace - Chemical hazardous agents.		
ACGIH / TWA CN OEL / PC-TWA	:	8-hour, time-weighted average Permissible concentration - time weighted average		

AIIC - Australian Inventory of Industrial Chemicals; ANTT - National Agency for Transport by Land of Brazil; ASTM - American Society for the Testing of Materials; bw - Body weight; CMR -Carcinogen, Mutagen or Reproductive Toxicant; DIN - Standard of the German Institute for Standardisation; DSL - Domestic Substances List (Canada); ECx - Concentration associated with x% response; ELx - Loading rate associated with x% response; EmS - Emergency Schedule; ENCS - Existing and New Chemical Substances (Japan); ErCx - Concentration associated with x% growth rate response; ERG - Emergency Response Guide; GHS - Globally Harmonized System; GLP - Good Laboratory Practice; IARC - International Agency for Research on Cancer; IATA - International Air Transport Association; IBC - International Code for the Construction and Equipment of Ships carrying Dangerous Chemicals in Bulk; IC50 - Half maximal inhibitory concentration; ICAO - International Civil Aviation Organization; IECSC - Inventory of Existing Chemical Substances in China; IMDG - International Maritime Dangerous Goods; IMO - International Maritime Organization; ISHL - Industrial Safety and Health Law (Japan); ISO - International Organisation for Standardization; KECI - Korea Existing Chemicals Inventory; LC50 - Lethal Concentration to 50 % of a test population; LD50 - Lethal Dose to 50% of a test population (Median Lethal Dose); MARPOL - International Convention for the Prevention of Pollution from Ships; n.o.s. - Not Otherwise Specified; Nch - Chilean Norm; NO(A)EC - No Observed (Adverse) Effect Concentration; NO(A)EL - No Observed (Adverse) Effect Level; NOELR - No Observable Effect Loading Rate; NOM - Official Mexican Norm; NTP - National Toxicology Program; NZIoC - New Zealand Inventory of Chemicals; OECD - Organization for Economic Co-operation and Development; OPPTS - Office of Chemical Safety and Pollution Prevention; PBT - Persistent, Bioaccumulative and Toxic substance; PICCS - Philippines Inventory of Chemicals and Chemical Substances; (Q)SAR - (Quantitative) Structure Activity Relationship; REACH - Regulation (EC) No

according to GB/T 16483 and GB/T 17519

Oxfendazole Formulation

Version	Revision Date:	SDS Number:	Date of last issue: 2023/04/04
7.1	2023/09/30	253196-00022	Date of first issue: 2015/08/28

1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals; SADT - Self-Accelerating Decomposition Temperature; SDS - Safety Data Sheet; TCSI - Taiwan Chemical Substance Inventory; TDG - Transportation of Dangerous Goods; TECI - Thailand Existing Chemicals Inventory; TSCA - Toxic Substances Control Act (United States); UN - United Nations; UNRTDG - United Nations Recommendations on the Transport of Dangerous Goods; vPvB - Very Persistent and Very Bioaccumulative; WHMIS - Workplace Hazardous Materials Information System

Disclaimer

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.
