SECTION 2. HAZARDS IDENTIFICATION

GHS Classification in accordance with ABNT NBR 14725 Standard

| Flammable liquids | : | Category 3 |
|--|---|------------|
| Acute toxicity (Oral) | : | Category 4 |
| Acute toxicity (Inhalation) | : | Category 4 |
| Skin sensitization | : | Category 1 |
| Specific target organ toxicity - single exposure | : | Category 3 |
| Short-term (acute) aquatic hazard | : | Category 1 |
| Long-term (chronic) aquatic hazard | : | Category 1 |

GHS label elements in accordance with ABNT NBR 14725 Standard

| Hazard pictograms | : | |
|-------------------|---|---------|
| Signal Word | : | Warning |

Other hazards which do not result in classification

Cutaneous sensations may occur, such as burning or stinging on the face and mucosae. However, these sensations cause no lesions and are of a transitory nature (max. 24 hours). Vapors may form explosive mixture with air.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

| Substance | / Mixture | : | Mixture |
|-----------|-----------|---|---------|
| | | | |

Components

| - | | | |
|----------------------|------------|--|-----------------------|
| Chemical name | CAS-No. | Classification | Concentration (% w/w) |
| Permethrin (ISO) | 52645-53-1 | Acute Tox. (Oral), 4 Acute Tox. (Inhala- tion), 4 Skin Sens., 1 Aquatic Acute, 1 Aquatic Chronic, 1 | >= 50 -< 70 |
| 1-Methoxy-2-propanol | 107-98-2 | Flam. Liq., 3 Acute Tox. (Oral), 5 Acute Tox. (Inhala- | >= 30 -< 50 |

SECTION 4. FIRST AID MEASURES

| General advice | : | In the case of accident or if you feel unwell, seek medical advice immediately. |
|-------------------------------------|---|---|
| If inhaled | : | When symptoms persist or in all cases of doubt seek medical advice. If inhaled, remove to fresh air. If not breathing, give artificial respiration. |
| In case of skin contact | : | If breathing is difficult, give oxygen. Get medical attention. In case of contact, immediately flush skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention. |
| In case of eye contact | : | Wash clothing before reuse. Thoroughly clean shoes before reuse. Flush eyes with water as a precaution. |
| If swallowed | : | Get medical attention if irritation develops and persists. If swallowed, DO NOT induce vomiting. Get medical attention. |
| Most important symptoms | : | Rinse mouth thoroughly with water. Never give anything by mouth to an unconscious person. Harmful if swallowed or if inhaled. |
| and effects, both acute and delayed | | May cause an allergic skin reaction. May cause drowsiness or dizziness. This product contains a pyrethroid. |
| Protection of first-aiders | : | Pyrethroid poisoning should not be confused with carbamate or organophosphate poisoning. First Aid responders should pay attention to self-protection, and use the recommended personal protective equipment |
| Notes to physician | : | when the potential for exposure exists (see section 8). Treat symptomatically and supportively. |

SECTION 5. FIRE-FIGHTING MEASURES

| Suitable extinguishing media | : | Water spray Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical |
|---------------------------------------|---|--|
| Unsuitable extinguishing media | : | High volume water jet |
| Specific hazards during fire fighting | : | Do not use a solid water stream as it may scatter and spread fire. Flash back possible over considerable distance. Vapors may form explosive mixtures with air. |

| Vers 3.0 | sion | Revision Date: 28.09.2024 | | S Number: 66186-00009 | Date of last issue: 09.07.2024 Date of first issue: 05.02.2021 |

| | Special for fire- | protective equipment fighters | : | | e, wear self-contained breathing apparatus. ective equipment. |

SECTION 6. ACCIDENTAL RELEASE MEASURES

| Personal precautions, protec- : tive equipment and emer- gency procedures | Remove all sources of ignition. Use personal protective equipment. Follow safe handling advice (see section 7) and personal protective equipment recommendations (see section 8). |
|---|---|
| Environmental precautions : | Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Prevent spreading over a wide area (e.g., by containment or oil barriers). Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained. |
| Methods and materials for containment and cleaning up | Non-sparking tools should be used. Soak up with inert absorbent material. Suppress (knock down) gases/vapors/mists with a water spray jet. For large spills, provide diking or other appropriate containment to keep material from spreading. If diked material can be pumped, store recovered material in appropriate container. Clean up remaining materials from spill with suitable absorbent. Local or national regulations may apply to releases and disposal of this material, as well as those materials and items employed in the cleanup of releases. You will need to determine which regulations are applicable. Sections 13 and 15 of this SDS provide information regarding certain local or national requirements. |

SECTION 7. HANDLING AND STORAGE

| Technical measures | : | See Engineering measures under EXPOSURE |
|-------------------------|---|--|
| | | CONTROLS/PERSONAL PROTECTION section. |
| Local/Total ventilation | : | If sufficient ventilation is unavailable, use with local exhaust |

| Version 3.0 | Revision Date: 28.09.2024 | SDS Number: 7766186-00009 | Date of last issue: 09.07.2024 Date of first issue: 05.02.2021 | | |

SECTION 13. DISPOSAL CONSIDERATIONS

| Disposal methods | | |
|------------------------|---|--|
| Waste from residues | : | Do not dispose of waste into sewer. Dispose of in accordance with local regulations. |
| Contaminated packaging | : | Empty containers should be taken to an approved waste handling site for recycling or disposal. Empty containers retain residue and can be dangerous. Do not pressurize, cut, weld, braze, solder, drill, grind, or expose such containers to heat, flame, sparks, or other sources of ignition. They may explode and cause injury and/or death. If not otherwise specified: Dispose of as unused product. |

SECTION 14. TRANSPORT INFORMATION

International Regulations

| UNRTDG UN number | : | UN 3092 |
|---|---|-------------------------------|
| Proper shipping name | : | 1-METHOXY-2-PROPANOL SOLUTION |
| Class | : | 3 |
| Packing group | : | III |
| Labels | : | 3 |
| Environmentally hazardous | : | no |
| IATA-DGR | | |
| UN/ID No. | : | UN 3092 |
| Proper shipping name | : | 1-Methoxy-2-propanol solution |
| Class | : | 3 |
| Packing group | : | III |
| Labels | : | Flammable Liquids |
| Packing instruction (cargo aircraft) | : | 366 |
| Packing instruction (passen- ger aircraft) | : | 355 |
