Section 3: Composition/information on ingredients

Substance / Mixture : Mixture

Components

| Chemical name | CAS-No. | Concentration (% w/w) |
|----------------------|------------|-----------------------|
| Permethrin (ISO) | 52645-53-1 | >= 50 -< 70 |
| 1-Methoxy-2-propanol | 107-98-2 | >= 30 -< 50 |
| 2-Methoxypropanol | 1589-47-5 | >= 0.1 -< 0.3 |

Section 4: First-aid measures

| Description of necessary first- | Description of necessary first-aid measures | | | | | | |
|---------------------------------|---|--|--|--|--|--|--|
| General advice : | In the case of accident or if you feel unwell, seek medical ad- vice immediately. When symptoms persist or in all cases of doubt seek medical advice. | | | | | | |
| If inhaled : | If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention. | | | | | | |
| In case of skin contact : | In case of contact, immediately flush skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention. Wash clothing before reuse. Thoroughly clean shoes before reuse. | | | | | | |
| In case of eye contact : | | | | | | | |
| If swallowed : | If swallowed, DO NOT induce vomiting. Get medical attention. Rinse mouth thoroughly with water. Never give anything by mouth to an unconscious person. | | | | | | |
| Most important symptoms and | l effects, both acute and delayed | | | | | | |
| Risks : | Harmful if swallowed or if inhaled. May cause an allergic skin reaction. May cause drowsiness or dizziness. This product contains a pyrethroid. Pyrethroid poisoning should not be confused with carbamate or organophosphate poisoning. | | | | | | |
| Protection of first-aiders : | | | | | | | |
| Indication of any immediate m | edical attention and special treatment needed | | | | | | |
| Treatment : | Treat symptomatically and supportively. | | | | | | |

Section 5: Fire-fighting measures

Extinguishing media

| Precautions for safe handling | g |
|-------------------------------|---|
| Technical measures | : See Engineering measures under EXPOSURE |
| | CONTROLS/PERSONAL PROTECTION section. |
| Local/Total ventilation | : If sufficient ventilation is unavailable, use with local exhaust ventilation. |
| | Use explosion-proof electrical, ventilating and lighting equip- ment. |
| Advice on safe handling | : Do not get on skin or clothing. |
| j | Avoid breathing mist or vapours. |
| | Do not swallow. |
| | Avoid contact with eyes. |
| | Wash skin thoroughly after handling. |
| | Handle in accordance with good industrial hygiene and safety practice, based on the results of the workplace exposure as- |
| | sessment |
| | Non-sparking tools should be used. Keep container tightly closed. |
| | Keep away from heat, hot surfaces, sparks, open flames and |
| | other ignition sources. No smoking. |
| | Take precautionary measures against static discharges. |
| | Do not eat, drink or smoke when using this product. |
| | Take care to prevent spills, waste and minimize release to the environment. |
| Hygiene measures | : If exposure to chemical is likely during typical use, provide eye flushing systems and safety showers close to the working place. |
| | When using do not eat, drink or smoke. |
| | Contaminated work clothing should not be allowed out of the workplace. |
| | Wash contaminated clothing before re-use. |
| | The effective operation of a facility should include review of |
| | engineering controls, proper personal protective equipment, |
| | appropriate degowning and decontamination procedures, |
| | industrial hygiene monitoring, medical surveillance and the |
| | use of administrative controls. |
| Conditions for safe storage, | including any incompatibilities |
| Conditions for safe storage | : Keep in properly labelled containers. |
| | Chara lasked up |

Store locked up. Keep tightly closed.

Section 8: Exposure controls/personal protection

Control parameters

Occupational Exposure Limits

| Components | CAS-No. | Value type (Form of exposure) | Control parame- ters / Permissible concentration | Basis |
|----------------------|------------|-------------------------------------|--|----------|
| Permethrin (ISO) | 52645-53-1 | TWA | 80 µg/m3 (OEB 3) | Internal |
| | | Wipe limit | 800 µg/100 cm ² | Internal |
| 1-Methoxy-2-propanol | 107-98-2 | PEL (long term) | 100 ppm 369 mg/m3 | SG OEL |
| | | PEL (short term) | 150 ppm 553 mg/m3 | SG OEL |
| | | TWA | 50 ppm | ACGIH |
| | | STEL | 100 ppm | ACGIH |

| Appropriate engineering : control measures | Use appropriate engineering controls and manufacturing technologies to control airborne concentrations (e.g., drip- less quick connections). All engineering controls should be implemented by facility design and operated in accordance with GMP principles to protect products, workers, and the environment. Containment technologies suitable for controlling compounds are required to control at source and to prevent migration of the compound to uncontrolled areas (e.g., open-face con- tainment devices). Minimize open handling. |
|---|--|
| | Use explosion-proof electrical, ventilating and lighting equip- ment. |
| Individual protection measures | s, such as personal protective equipment (PPE) |
| Eye/face protection : | Wear safety glasses with side shields or goggles. If the work environment or activity involves dusty conditions, mists or aerosols, wear the appropriate goggles. |

| Version 4.0 | Revision Date: 09.07.2024 | SDS Number: 7766184-0000 | Date of last issue: 06.04.2024 Date of first issue: 05.02.2021 |

SAFETY DATA SHEET

Permethrin (65%) Formulation

| Version | Revision Date: | SDS Number: | D |
|---------|----------------|---------------|---|
| 4.0 | 09.07.2024 | 7766184-00009 | D |

Date of last issue: 06.04.2024 Date of first issue: 05.02.2021

Marine pollutant : yes

Transport in bulk according to IMO instruments

Not applicable for product as supplied.

Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

Section 15: Regulatory information

Safety, health and environmental regulations specific for the product in question

Workplace Safety and Health Act and Workplace Safety and Health (General Provisions) Regulations: This product is subjected to the SDS, labelling, PEL and other requirements in the Act/Regulations.
Environmental Protection and Management Act and Environmental Protection and Management (Hazard-

ous Substances) Regulations Fire Safety (Petroleum and Flammable Materials) : Propylene Glycol Monomethyl Ether Regulations

The components of this product are reported in the following inventories:

| AICS | : | not determined |
|-------|---|----------------|
| DSL | : | not determined |
| IECSC | : | not determined |

Section 16: Other information

| Revision Date | : | 09.07.2024 |

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.
