SECTION 2. HAZARDS IDENTIFICATION

GHS Classification Skin corrosion/irritation	:	Sub-category 1A
Serious eye damage/eye irri- tation	:	Category 1
Reproductive toxicity	:	Category 2
Specific target organ toxicity - repeated exposure	:	Category 2 (Bone marrow)
GHS label elements Hazard pictograms	:	
Signal word	:	Danger
Hazard statements	:	H314 Causes severe skin burns and eye damage. H361d Suspected of damaging the unborn child. H373 May cause damage to organs (Bone marrow) through prolonged or repeated exposure.
Supplemental Hazard State- ments	:	AUH071 Corrosive to the respiratory tract.

ersion 5	Revision Date: 30.09.2023	SDS Number: 6289818-00012		ssue: 04.04.2023 issue: 25.08.2020

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Components with workplace control parameters

Components	CAS-No.	Value type (Form of exposure)	Control parame- ters / Permissible concentration	Basis
Sulfamethoxazole	723-46-6	TWA	OEB 2 (>= 100 < 1000 μg/m3)	Internal
Trimethoprim	738-70-5	TWA	400 μg/m3 (OEB 2)	Internal
Sodium hydroxide	1310-73-2	Peak limit	2 mg/m3	AU OEL
		С	2 mg/m3	ACGIH

Engineering measures :	Use appropriate engineering controls and manufacturing technologies to control airborne concentrations (e.g., drip- less quick connections). All engineering controls should be implemented by facility design and operated in accordance with GMP principles to protect products, workers, and the environment. Laboratory operations do not require special containment.				
Personal protective equipment					
Respiratory protection :	If adequate local exhaust ventilation is not available or expo- sure assessment demonstrates exposures outside the rec- ommended guidelines, use respiratory protection.				
	Particulates type				
Hand protection Material :	Chemical-resistant gloves				
Eye protection :	Wear safety glasses with side shields or goggles. If the work environment or activity involves dusty conditions,

Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

SECTION 15. REGULATORY INFORMATION

Safety, health and environmental regulations/legislation specific for the substance or mixture

Prohibition/Licensing Requirements

: There is no applicable prohibition, authorisation and restricted use requirements, including for carcinogens referred to in Schedule 10 of the model WHS Act and Regulations.

The components of this product are reported in the following inventories:

DSL	:	not determined
AICS	:	not determined
IECSC	:	not determined

SECTION 16: ANY OTHER RELEVANT INFORMATION
