

Commission Regulation (EU) 2020/878

Version	Revision Date:	SDS Number:	Date of last issue: 06.04.2024
4.1	28.09.2024	5638035-00011	Date of first issue: 09.04.2020

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1	Product identifier					
	Trade name	:	Sulfapyridine Formulation			
1.2	1.2 Relevant identified uses of the substance or mixture and uses advised against					
	Use of the Sub- stance/Mixture	:	Pharmaceutical			
	Recommended restrictions on use	:	Not applicable			
1.3	1.3 Details of the supplier of the safety data sheet					
	Company	:	MSD Kilsheelan Clonmel Tipperary, IE			
	Telephone	:	353-51-601000			
	E-mail address of person responsible for the SDS	:	EHSDATASTEWARD@msd.com			

1.4 Emergency telephone number

1-908-423-6000

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

Classification (REGULATION (EC) No 1272/2008)

Acute toxicity, Category 3 Skin sensitisation, Category 1 Reproductive toxicity, Category 1A Specific target organ toxicity - single exposure, Category 1 Long-term (chronic) aquatic hazard, Category 3 H301: Toxic if swallowed. H317: May cause an allergic skin reaction. H360F: May damage fertility. H370: Causes damage to organs.

H412: Harmful to aquatic life with long lasting effects.

2.2 Label elements

Labelling (REGULATION (EC) No 1272/2008) Hazard pictograms :

according to Regulation (EC) No. 1907/2006, as amended by Commission Regulation (EU) 2020/878

Sulfapyridine Formulation

Version 4.1	Revision Date: 28.09.2024	SDS Num 5638035-		Date of last issue: 06.04.2024 Date of first issue: 09.04.2020
Signa	l word	: Dange	r	
Hazar	rd statements	: H301 H317 H360F H370 H412	May c May d Cause	if swallowed. ause an allergic skin reaction. amage fertility. es damage to organs. ful to aquatic life with long lasting effects.
Precautionary statements		: Prever		an acial instructions before use
		P201 P273 P280	Avoid Wear	n special instructions before use. release to the environment. protective gloves/ protective clothing/ eye tion/ face protection.
		Respo	nse:	
		P301 +		30 IF SWALLOWED: Immediately call a ON CENTER/ doctor. Rinse mouth.
		P308 +		exposed or concerned: Call a POISON ER/ doctor.
		P333 +		kin irritation or rash occurs: Get medical e/ attention.

Hazardous components which must be listed on the label:

Sulfapyridine Benzyl cinnamate

2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

Ecological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

Toxicological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

Dust contact with the eyes can lead to mechanical irritation. Contact with dust can cause mechanical irritation or drying of the skin. May form combustible dust concentrations in air during processing, handling or other means.

SECTION 3: Composition/information on ingredients

3.2 Mixtures

Components

Index-No.	Chemical name		Classification	Concentration (% w/w)
-----------	---------------	--	----------------	--------------------------

according to Regulation (EC) No. 1907/2006, as amended by Commission Regulation (EU) 2020/878

Sulfapyridine Formulation

ersion 1	Revision Date: 28.09.2024	SDS Number: 5638035-00011	Date of last issue: 06.04.2024 Date of first issue: 09.04.2020

For explanation of abbreviations see section 16.

SECTION 4: First aid measures

4.1 Description of first aid measures

General advice	:	In the case of accident or if you feel unwell, seek medical ad- vice immediately. When symptoms persist or in all cases of doubt seek medical advice.
Protection of first-aiders	:	First Aid responders should pay attention to self-protection, and use the recommended personal protective equipment when the potential for exposure exists (see section 8).
If inhaled	:	If inhaled, remove to fresh air. Get medical attention.

according to Regulation (EC) No. 1907/2006, as amended by Commission Regulation (EU) 2020/878

Sulfapyridine Formulation

Version 4.1	Revision Date: 28.09.2024	SDS Number: 5638035-0001	Date of last issue: 06.04.2024 Date of first issue: 09.04.2020	
In cas	e of skin contact	of water. Remove co Get medica Wash cloth	contact, immediately flush skin with soap and plenty ntaminated clothing and shoes. I attention. ing before reuse. clean shoes before reuse.	
In cas	e of eye contact		nse well with water. I attention if irritation develops and persists.	
lf swal	lowed	Call a phys Rinse mout	d, DO NOT induce vomiting. ician or poison control centre immediately. h thoroughly with water. anything by mouth to an unconscious person.	
4.2 Most ir	nportant symptoms a	nd effects, both	acute and delayed	
Risks		May damag	an allergic skin reaction.	
		the skin.	h dust can cause mechanical irritation or drying of ct with the eyes can lead to mechanical irritation.	
4.3 Indicat	4.3 Indication of any immediate medical attention and special treatment needed Treatment : Treat symptomatically and supportively.			
riedu		. near symp	tomationly and supportivoly.	

SECTION 5: Firefighting measures

5.1 Extinguishing media

Suitable extinguishing media	:	Water spray Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical
Unsuitable extinguishing media	:	None known.
5.2 Special hazards arising from t Specific hazards during fire- fighting		e substance or mixture Exposure to combustion products may be a hazard to health.

Hazardous combustion prod- : Carbon oxides ucts

5.3 Advice for firefighters

Special protective equipment : In the event of fire, wear self-contained breathing apparatus.

Version 4.1	Revision Date: 28.09.2024	SDS Number: 5638035-00011	Date of last issue: 06.04.2024 Date of first issue: 09.04.2020
for firefighters		Use personal pro	ptective equipment.
Specit ods	fic extinguishing meth-	cumstances and Use water spray	g measures that are appropriate to local cir- the surrounding environment. to cool unopened containers. aged containers from fire area if it is safe to do

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Personal precautions	:	Use personal protective equipment. Follow safe handling advice (see section 7) and personal pro- tective equipment recommendations (see section 8).
6.2 Environmental precautions Environmental precautions		Avoid release to the environment.

nvironmental precautions	:	Avoid release to the environment.
		Prevent further leakage or spillage if safe to do so.
		Retain and dispose of contaminated wash water.
		Local authorities should be advised if significant spillages
		cannot be contained.

6.3 Methods and material for containment and cleaning up

Methods for cleaning up	:	Sweep up or vacuum up spillage and collect in suitable con- tainer for disposal. Avoid dispersal of dust in the air (i.e., clearing dust surfaces with compressed air). Dust deposits should not be allowed to accumulate on surfac- es, as these may form an explosive mixture if they are re- leased into the atmosphere in sufficient concentration. Local or national regulations may apply to releases and dis- posal of this material, as well as those materials and items employed in the cleanup of releases. You will need to deter- mine which regulations are applicable. Sections 13 and 15 of this SDS provide information regarding certain local or national requirements.
-------------------------	---	--

6.4 Reference to other sections

See sections: 7, 8, 11, 12 and 13.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

Technical measures	: Static electricity may accumulate and ignite suspended dust causing an explosion.
	Provide adequate precautions, such as electrical grounding and bonding, or inert atmospheres.
Local/Total ventilation	: If sufficient ventilation is unavailable, use with local exhaust

according to Regulation (EC) No. 1907/2006, as amended by Commission Regulation (EU) 2020/878

	Marine water	0.322 µg/l
	Sewage treatment plant	100 mg/l
	Fresh water sediment	2.043 mg/kg dry weight (d.w.)
	Marine sediment	0.204 mg/kg dry weight (d.w.)
	Soil	0.406 mg/kg dry weight (d.w.)

8.2 Exposure controls

Engineering measures

Use feasible engineering controls to minimize exposure to compound. All engineering controls should be implemented by facility design and operated in accordance with GMP principles to protect products, workers, and the environment.

Personal protective equipment

Eye/face protection	:	Wear safety glasses with side shields or goggles. If the work environment or activity involves dusty conditions, mists or aerosols, wear the appropriate goggles. Wear a faceshield or other full face protection if there is a potential for direct contact to the face with dusts, mists, or aerosols.

Hand protection

according to Regulation (EC) No. 1907/2006, as amended by Commission Regulation (EU) 2020/878

Sulfapyridine Formulation

Version 4.1	Revision Date: 28.09.2024		Number: 035-00011	Date of last issue: 06.04.2024 Date of first issue: 09.04.2020
Ma	aterial	: C	hemical-resista	nt gloves
Skin and body protection Respiratory protection		 Work uniform or laboratory coat. If adequate local exhaust ventilation is not available or exposure assessment demonstrates exposures outside the recommended guidelines, use respiratory protection. Equipment should conform to I.S. EN 14387 		exhaust ventilation is not available or expo- demonstrates exposures outside the rec- lines, use respiratory protection.
Filter type				lates and organic vapour type (A-P)

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

Physical state	:	solid
Colour	:	No data available
Odour	:	No data available
Odour Threshold	:	No data available
Melting point/freezing point	:	No data available
Initial boiling point and boiling range	:	No data available
Flammability (solid, gas)	:	May form combustible dust concentrations in air during pro- cessing, handling or other means.
Flammability (liquids)	:	No data available
Upper explosion limit / Upper flammability limit	:	No data available
Lower explosion limit / Lower flammability limit	:	No data available
Flash point	:	Not applicable
Auto-ignition temperature	:	No data available
Decomposition temperature	:	No data available
рН	:	No data available
Viscosity Viscosity, kinematic	:	Not applicable
Solubility(ies) Water solubility	:	No data available

Sulfapyridine Formulation

SECTION 10: Stability and reactivity

10.1 Reactivity Not classified as a reactivity haza	rd.			
10.2 Chemical stability				
Stable under normal conditions.				
10.3 Possibility of hazardous reaction	ons			
Hazardous reactions :	May form combustible dust concentrations in air during pro- cessing, handling or other means. Can react with strong oxidizing agents.			
10.4 Conditions to avoid				
Conditions to avoid :	Heat, flames and sparks. Avoid dust formation.			
10.5 Incompatible materials				
Materials to avoid	Oxidizing agents			
10.6 Hazardous decomposition products				

No hazardous decomposition products are known.

14.6 Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

14.7 Maritime transport in bulk according to IMO instruments

Remarks : Not applicable for product as supplied.

SECTION 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

REACH - Restrictions on the manufacture, placing on the market and use of certain dangerous substances, mixtures and articles (Annex XVII) : Conditions of restriction for the following entries should be considered: Number on list 75: If you intend to use this product as tattoo ink, please contact your vendor.

Substance(s) or mixture(s) are listed here according to their appearance in the regulation, irrespective of their use/purpose or the conditions of the restriction. Please refer to the conditions in corresponding Regulation to determine whether an entry is applicable to the placing on the market or not.

REACH - Candidate List of Substances of Very High Concern for Authorisation (Article 59).	:	Not applicable	
Regulation (EC) on substances that deplete the ozone layer	:	Not applicable	
Regulation (EU) 2019/1021 on persistent organic pollu- tants (recast)	:	Not applicable	
Regulation (EU) No 649/2012 of the European Parlia- ment and the Council concerning the export and import of dangerous chemicals	:	Not applicable	
REACH - List of substances subject to authorisation (Annex XIV)	:	Not applicable	

Seveso III: Directive 2012/18/EU of the European Parliament and of the Council on the control of major-accident hazards involving dangerous substances.

		Quantity 1	Quantity 2
H2	ACUTE TOXIC	50 t	200 t

Other regulations:

Take note of Directive 92/85/EEC regarding maternity protection or stricter national regulations, where applicable.

Take note of Directive 94/33/EC on the protection of young people at work or stricter national regulations, where applicable.

The components of this product are reported in the following inventories:

AICS	:	not determined
DSL	:	not determined
IECSC	:	not determined

according to Regulation (EC) No. 1907/2006, as amended by Commission Regulation (EU) 2020/878

15.2 Chemical safety assessment

A Chemical Safety Assessment has not been carried out.

SECTION 16: Other information

Other information : Items where changes have been made to the previous version are highlighted in the body of this document by two vertical lines.

Full text of H-Statements

H300 :	Fatal if swallowed.
H302 :	Harmful if swallowed.
H317 :	May cause an allergic skin reaction.
H360F :	May damage fertility.
H370 :	Causes damage to organs if swallowed.
H400 :	Very toxic to aquatic life.
H411 :	Toxic to aquatic life with long lasting effects.
