SECTION 2. HAZARDS IDENTIFICATION

GHS Classification		
Acute toxicity (Oral)	:	Category 3
Acute toxicity (Inhalation)	:	Category 2
Acute toxicity (Dermal)	:	Category 4
Reproductive toxicity	:	Category 1A
Specific target organ toxicity - repeated exposure	:	Category 1 (Blood)
GHS label elements Hazard pictograms	:	
Signal Word	:	Danger
Hazard Statements	:	 H301 Toxic if swallowed. H312 Harmful in contact with skin. H330 Fatal if inhaled. H360D May damage the unborn child. H372 Causes damage to organs (Blood) through prolonged or repeated exposure.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : N	Mixture
-------------------------	---------

Components

Chemical name	CAS-No.	Concentration (% w/w)
Petrolatum	8009-03-8	>= 90 -<= 100
Paraffin waxes and Hydrocarbon waxes	8002-74-2	>= 5 -< 10
Warfarin	81-81-2	>= 1 -< 2,5
White mineral oil (petroleum)	8042-47-5	>= 1 -< 5

SECTION 4. FIRST AID MEASURES

General advice

: In the case of accident or if you feel unwell, seek medical advice immediately.

Warfarin Formulation

Versio 1.8	n	Revision Date: 30.09.2023		OS Number: 11700-00009	Date of last issue: 04.04.2023 Date of first issue: 15.07.2020

In	case	of eye contact	:	If in eyes, rinse w	
lf	swall	owed	:	If swallowed, DO Call a physician o Rinse mouth thore	NOT induce vomiting. In poison control center immediately. Doughly with water. Ing by mouth to an unconscious person.
ar		nportant symptoms ects, both acute and d	:	Toxic if swallowed Harmful in contact Fatal if inhaled. May damage the Causes damage the exposure. Contact with dust the skin.	d. t with skin.
Pr	rotect	ion of first-aiders	:	First Aid responde and use the recor when the potentia	ers should pay attention to self-protection, nmended personal protective equipment al for exposure exists (see section 8).
N	otes t	o physician	:	Treat symptomati	cally and supportively.

SECTION 5. FIRE-FIGHTING MEASURES

Suitable extinguishing media	:	Water spray Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical
Unsuitable extinguishing media	:	High volume water jet
Specific hazards during fire fighting	:	Avoid generating dust; fine dust dispersed in air in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard. Do not use a solid water stream as it may scatter and spread fire. Exposure to combustion products may be a hazard to health.
Hazardous combustion prod- ucts	:	Carbon oxides Sulfur oxides Nitrogen oxides (NOx)
Specific extinguishing meth- ods	:	Use extinguishing measures that are appropriate to local cir- cumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe to do

Warfarin Formulation

Version 1.8	Revision Date: 30.09.2023		DS Number: 11700-00009	Date of last issue: 04.04.2023 Date of first issue: 15.07.2020

If diked material store recovered material in appropriate ng materials from spill with suitable regulations may apply to releases and aterial, as well as those materials and items leanup of releases. You will need to regulations are applicable. I5 of this SDS provide information regarding tional requirements.

SECTION 7. HANDLING AND STORAGE

Technical measures	:	Static electricity may accumulate and ignite suspended dust causing an explosion. Provide adequate precautions, such as electrical grounding and bonding, or inert atmospheres.
Local/Total ventilation	:	If sufficient ventilation is unavailable, use with local exhaust ventilation.
Advice on safe handling	:	Do not get on skin or clothing. Do not breathe dust, fume, gas, mist, vapors or spray. Do not swallow. Avoid contact with eyes. Wash skin thoroughly after handling. Handle in accordance with good industrial hygiene and safety practice, based on the results of the workplace exposure assessment Keep container tightly closed.

SECTION	13. DISPOSAL CONS	IDE	RATIONS	
Disp	osal methods			

Disposal methods	
Waste from residues	: Do not dispose of waste into sewer.
Contaminated packaging	 Dispose of in accordance with local regulations. Empty containers should be taken to an approved waste handling site for recycling or disposal.
	If not otherwise specified: Dispose of as unused product.

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

SECTION 15. REGULATORY INFORMATION

Safety, health and environmental regulations/legisla mixture	atio	n specific for the substance or
Argentina. Carcinogenic Substances and Agents Registry.	:	Not applicable
Control of precursors and essential chemicals for the preparation of drugs.	:	Not applicable

The ingredients of this product are reported in the following inventories:

AICS	:	not determined
DSL	:	not determined
IECSC	:	not determined

SECTION 16. OTHER INFORMATION

Revision Date	:	30.09.2023
Date format	:	dd.mm.yyyy

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.
