| | | Storage: P405 Store loo | cked up. |
| | | Disposal: | of contents/ container to an approved waste |

Other hazards which do not result in classification

Contact with dust can cause mechanical irritation or drying of the skin. May form explosive dust-air mixture during processing, handling or other means.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

Components

| Chemical name | CAS-No. | Concentration (% w/w) |
|---------------|--------------|-----------------------|
| Cilastatin | 81129-83-1 | >= 30 -< 50 |
| Imipenem | 74431-23-5 | >= 30 -< 50 |
| Relebactam | 1174020-13-3 | >= 10 -< 20 |

| Version | Revision Date: | SDS Number: | Date of last issue: 09.08.2023 |
|---------|----------------|-------------|---------------------------------|
| 7.2 | 30.09.2023 | 68811-00028 | Date of first issue: 27.02.2015 |

SECTION 4. FIRST AID MEASURES General advice : In the case of accident or if you feel unwell, seek medical advice immediately. When symptoms persist or in all cases of doubt seek medical advice. If inhaled : If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.

| | | Get medical attention. |
|--|---|--|
| In case of skin contact | : | In case of contact, immediately flush skin with soap and plenty of water. |
| | | Remove contaminated clothing and shoes. |
| | | Get medical attention. |
| | | Wash clothing before reuse. |
| | | Thoroughly clean shoes before reuse. |
| In case of eye contact | : | In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. |
| | | If easy to do, remove contact lens, if worn. |
| | | Get medical attention. |
| If swallowed | : | If swallowed, DO NOT induce vomiting. |
| | | Get medical attention. |
| •• •• • • • | | Rinse mouth thoroughly with water. |
| Most important symptoms | | Causes serious eye irritation. |
| and effects, both acute and delayed | | May cause allergy or asthma symptoms or breathing difficul- ties if inhaled. |
| | | Suspected of damaging the unborn child. |
| | | May cause damage to organs through prolonged or repeated exposure. |
| | | Excessive exposure may aggravate preexisting asthma and other respiratory disorders (e.g. emphysema, bronchitis, reac- tive airways dysfunction syndrome). |
| | | Contact with dust can cause mechanical irritation or drying of |
| | | the skin. |
| Protection of first-aiders | : | First Aid responders should pay attention to self-protection, |
| | | and use the recommended personal protective equipment when the potential for exposure exists (see section 8). |
| Notes to physician | : | Treat symptomatically and supportively. |

SECTION 5. FIRE-FIGHTING MEASURES

| Suitable extinguishing media | : | Water spray Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical |
|--|---|---|
| Unsuitable extinguishing media | • | None known. |
| Specific hazards during fire fighting | : | Avoid generating dust; fine dust dispersed in air in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard. Exposure to combustion products may be a hazard to health. |

| Vers 7.2 | sion | Revision Date: 30.09.2023 | | 9S Number: 811-00028 | Date of last issue: 09.08.2023 Date of first issue: 27.02.2015 |
|-------------|--|---|-----|--|---|
| | Hazardo ucts | ous combustion prod- | : | Carbon oxides Metal oxides | |
| | Specific extinguishing meth- ods | | : | Use extinguishing measures that are appropriate to local cumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe so. Evacuate area. | |
| | Special for fire-f | protective equipment ighters | : | | e, wear self-contained breathing apparatus. ective equipment. |
| SEC | CTION 6. | ACCIDENTAL RELE | ASE | EMEASURES | |
| | tive equ | al precautions, protec- ipment and emer- procedures | : | | ective equipment. ing advice (see section 7) and personal ent recommendations (see section 8). |
| | Environmental precautions | | : | Retain and dispos | akage or spillage if safe to do so. e of contaminated wash water. should be advised if significant spillages |
| | Methods and materials for containment and cleaning up | | : | over the area to m Add excess liquid Soak up with inert Avoid dispersal of with compressed Dust deposits sho surfaces, as these released into the a Clean up remainin absorbent. In g materials from spill with suitable regulations may apply to releases and aterial, as well as those materials and items leanup of releases. You will need to egulations are applicable. 5 of this SDS provide information regarding tional requirements. |

SECTION 7. HANDLING AND STORAGE

| Technical measures | : | Static electricity may accumulate and ignite suspended dust causing an explosion. |
|-------------------------|---|---|
| | | Provide adequate precautions, such as electrical grounding and bonding, or inert atmospheres. |
| Local/Total ventilation | : | Use only with adequate ventilation. |
| Advice on safe handling | : | Do not breathe dust. |
| _ | | Do not swallow. |
| | | Do not get in eyes. |

| Version 7.2 | Revision Date: 30.09.2023 | SDS Number: 68811-00028 | Date of last issue: 09.08.2023 Date of first issue: 27.02.2015 |

| | | | | | |

SECTION 10. STABILITY AND REACTIVITY

| Reactivity Chemical stability Possibility of hazardous reac- tions | : : : | Not classified as a reactivity hazard. Stable under normal conditions. May form explosive dust-air mixture during processing, handling or other means. Can react with strong oxidizing agents. |
|---|-------------|--|
| Conditions to avoid | | Heat, flames and sparks. Avoid dust formation. |
| Incompatible materials | : | Oxidizing agents |
| Hazardous decomposition products | : | No hazardous decomposition products are known. |

SECTION 11. TOXICOLOGICAL INFORMATION

| Information on likely routes of | : | Inhalation |
|---------------------------------|---|--------------|
| exposure | | Skin contact |
| | | Ingestion |
| | | Eye contact |

Acute toxicity

Not classified based on available information.

SECTION 13. DISPOSAL CONSIDERATIONS

| Waste from residues | : | Do not dispose of waste into sewer. Dispose of in accordance with local regulations. |
|------------------------|---|--|
| Contaminated packaging | : | Empty containers should be taken to an approved waste handling site for recycling or disposal. If not otherwise specified: Dispose of as unused product. |

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

SECTION 15. REGULATORY INFORMATION
