# Molnupiravir Capsule Formulation

Version	Revision Date:	SDS Number:	Date of last issue: 2024/07/06
8.0	2024/09/28	6199207-00014	Date of first issue: 2020/08/24

### **1. PRODUCT AND COMPANY IDENTIFICATION**

Product name	:	Molnupiravir Capsule Formulation			
Manufacturer or supplier's de	tai	ls			
Company	:	MSD			
Address	:	199 Wenhai North Road HEDA, Hangzhou - Zhejiang Province - CHINA 310018			
Telephone	:	908-740-4000			
Emergency telephone number	:	86-571-87268110			
E-mail address	:	EHSDATASTEWARD@msd.com			
Recommended use of the chemical and restrictions on use					
Recommended use Restrictions on use	:	Pharmaceutical Not applicable			

### 2. HAZARDS IDENTIFICATION

### **Emergency Overview**

Appearance:Colour:Odour:		solid white to off-white No data available
Causes mild skin irritation. Cause	es	damage to organs through prolonged or repeated exposure.
GHS Classification		
Skin corrosion/irritation :		Category 3
Specific target organ toxicity - : repeated exposure		Category 1
GHS label elements		
Hazard pictograms :		
Signal word :		Danger
Hazard statements :		H316 Causes mild skin irritation. H372 Causes damage to organs through prolonged or repeated exposure.

according to GB/T 16483 and GB/T 17519

## Molnupiravir Capsule Formulation

Version	Revision Date:	SDS Number:	Date of last issue: 2024/07/06
8.0	2024/09/28	6199207-00014	Date of first issue: 2020/08/24

Precautionary statements

#### **Prevention:**

P260 Do not breathe dust/ fume/ gas/ mist/ vapours/ spray. P264 Wash skin thoroughly after handling. P270 Do not eat, drink or smoke when using this product.

#### **Response:**

P314 Get medical advice/ attention if you feel unwell. P332 + P313 If skin irritation occurs: Get medical advice/ attention.

### Disposal:

P501 Dispose of contents/ container to an approved waste disposal plant.

### Physical and chemical hazards

Not classified based on available information.

### Health hazards

Causes mild skin irritation. Causes damage to organs through prolonged or repeated exposure.

#### **Environmental hazards**

Not classified based on available information.

### Other hazards which do not result in classification

Dust contact with the eyes can lead to mechanical irritation. May form explosive dust-air mixture during processing, handling or other means.

#### **3. COMPOSITION/INFORMATION ON INGREDIENTS**

Substance / Mixture : Mixture

#### Components

Chemical name	CAS-No.	Concentration (% w/w)
Cellulose	9004-34-6	>= 70 -< 90
Molnupiravir	2492423-29-5	>= 70 -< 90

### 4. FIRST AID MEASURES

General advice	<ul> <li>In the case of accident or if you feel unwell, seek medical advice immediately.</li> <li>When symptoms persist or in all cases of doubt seek medical advice.</li> </ul>
If inhaled	: If inhaled, remove to fresh air. Get medical attention if symptoms occur.
In case of skin contact	<ul> <li>In case of contact, immediately flush skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention. Wash clothing before reuse. Thoroughly clean shoes before reuse.</li> </ul>

according to GB/T 16483 and GB/T 17519

# Molnupiravir Capsule Formulation

Version 8.0	Revision Date: 2024/09/28		DS Number: 99207-00014	Date of last issue: 2024/07/06 Date of first issue: 2020/08/24			
In ca	se of eye contact	:	If in eyes, rinse well with water. Get medical attention if irritation develops and persists.				
If swallowed		:	If swallowed, DO NOT induce vomiting. Get medical attention if symptoms occur.				
Most important symptoms and effects, both acute and delayed		:	Rinse mouth thoroughly with water. Causes mild skin irritation. Causes damage to organs through prolonged or repeated exposure.				
Prote	ection of first-aiders	:	First Aid responde and use the recor	Dust contact with the eyes can lead to mechanical irritation. First Aid responders should pay attention to self-protection, and use the recommended personal protective equipment when the potential for exposure exists (see section 8).			
Note	s to physician	:		cally and supportively.			
5. FIREF	5. FIREFIGHTING MEASURES						
Suitable extinguishing media		:	Water spray Alcohol-resistant Carbon dioxide (C Dry chemical				
	Unsuitable extinguishing media		None known.				
Specific hazards during fire- fighting		:	Exposure to comb	pustion products may be a hazard to health.			
Hazardous combustion prod- ucts		:	Carbon oxides Metal oxides				
Spec ods	cific extinguishing meth-	:	cumstances and t Use water spray t	measures that are appropriate to local cir- he surrounding environment. o cool unopened containers. ged containers from fire area if it is safe to do			
	cial protective equipment refighters	:		e, wear self-contained breathing apparatus. ective equipment.			

### 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protec- :	Use personal protective equipment.
tive equipment and emer-	Follow safe handling advice (see section 7) and personal pro-
gency procedures	tective equipment recommendations (see section 8).
Environmental precautions :	Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained.

according to GB/T 16483 and GB/T 17519

### 7. HANDLING AND STORAGE

Handling		
Technical measures	:	Static electricity may accumulate and ignite suspended dust causing an explosion. Provide adequate precautions, such as electrical grounding and bonding, or inert atmospheres.
Local/Total ventilation Advice on safe handling Advidance of contact	:::	
Storage	•	
Conditions for safe storage Materials to avoid	:	Keep in properly labelled containers. Store in accordance with the particular national regulations. Do not store with the following product types: Strong oxidizing agents
Packaging material	:	Unsuitable material: None known.

according to GB/T 16483 and GB/T 17519

## Molnupiravir Capsule Formulation

Version	Revision Date:	SDS Number:	Date of last issue: 2024/07/06
8.0	2024/09/28	6199207-00014	Date of first issue: 2020/08/24

### 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### Components with workplace control parameters

Components	CAS-No.	Value type (Form of	Control parame- ters / Permissible	Basis
		exposure)	concentration	
Cellulose	9004-34-6	PC-TWA	10 mg/m3	CN OEL
		TWA	10 mg/m3	ACGIH
Molnupiravir	2492423-29- 5	TWA	20 µg/m3 (OEB 3)	Internal
		Wipe limit	200 µg/100cm2	Internal

Engineering measures	:	All engineering controls should be implemented by facility design and operated in accordance with GMP principles to protect products, workers, and the environment. Containment technologies suitable for controlling compounds are required to control at source and to prevent migration of the compound to uncontrolled areas (e.g., open-face con- tainment devices). Minimize open handling.
Personal protective equipment	nt	
Respiratory protection Filter type	:	If adequate local exhaust ventilation is not available or expo- sure assessment demonstrates exposures outside the rec- ommended guidelines, use respiratory protection. Particulates type
Eye/face protection	:	Wear safety glasses with side shields or goggles. If the work environment or activity involves dusty conditions, mists or aerosols, wear the appropriate goggles. Wear a faceshield or other full face protection if there is a potential for direct contact to the face with dusts, mists, or aerosols.
Skin and body protection	:	Work uniform or laboratory coat. Additional body garments should be used based upon the task being performed (e.g., sleevelets, apron, gauntlets, dis- posable suits) to avoid exposed skin surfaces. Use appropriate degowning techniques to remove potentially contaminated clothing.
Hand protection		contaminated clothing.
Material	:	Chemical-resistant gloves
Remarks Hygiene measures	:	Consider double gloving. If exposure to chemical is likely during typical use, provide eye flushing systems and safety showers close to the work- ing place. When using do not eat, drink or smoke. Wash contaminated clothing before re-use. The effective operation of a facility should include review of engineering controls, proper personal protective equipment,

### **13. DISPOSAL CONSIDERATIONS**

Disposal methods		
Waste from residues	:	Do not dispose of waste into sewer.
		Dispose of in accordance with local regulations.
Contaminated packaging	:	Empty containers should be taken to an approved waste han- dling site for recycling or disposal. If not otherwise specified: Dispose of as unused product.
