Recommended use of the chemical and restrictions on use				ons on use			
	Recommended use Restrictions on use		Pharmaceutical Not applicable				

### SECTION 2. HAZARDS IDENTIFICATION

GHS Classification		
Skin sensitization	:	Category 1
Specific target organ toxicity - repeated exposure (Oral)	:	Category 2 (Adrenal gland, Bone marrow, Kidney, Liver, Nerv- ous system, Reproductive organs)
Short-term (acute) aquatic hazard	:	Category 3
Long-term (chronic) aquatic hazard	:	Category 3
GHS label elements		
Hazard pictograms	:	
Signal Word	:	Warning
Hazard Statements	:	H317 May cause an allergic skin reaction. H373 May cause damage to organs (Adrenal gland, Bone mar- row, Kidney, Liver, Nervous system, Reproductive organs) through prolonged or repeated exposure if swallowed. H412 Harmful to aquatic life with long lasting effects.

Version 8.7	Revision Date: 26.09.2023	SDS Number: 22482-00022	Date of last issue: 20.03.2023 Date of first issue: 16.10.2014
Preca	autionary Statements	P272 Contam the workplace P273 Avoid re	preathe mist or vapors. inated work clothing should not be allowed out of elease to the environment. otective gloves.
		P314 Get med P333 + P313 vice/ attention	IF ON SKIN: Wash with plenty of water. dical advice/ attention if you feel unwell. If skin irritation or rash occurs: Get medical ad- Take off contaminated clothing and wash it before
		<b>Disposal:</b> P501 Dispose disposal plant	of contents/ container to an approved waste
Othe	r hazards which do n		

None known.

#### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

Components

Chemical name	CAS-No.	Concentration (% w/w)
.betaCyclodextrin, sulfobutyl ethers, sodium	182410-00-0	>= 30 -< 50
salts		
Posaconazole	171228-49-2	>= 1 -< 2,5

#### **SECTION 4. FIRST AID MEASURES**

General advice	:	In the case of accident or if you feel unwell, seek medical advice immediately. When symptoms persist or in all cases of doubt seek medical advice.
If inhaled	:	If inhaled, remove to fresh air. Get medical attention.
In case of skin contact	:	In case of contact, immediately flush skin with soap and plenty of water. Remove contaminated clothing and shoes. Get medical attention. Wash clothing before reuse. Thoroughly clean shoes before reuse.
In case of eye contact	:	Flush eyes with water as a precaution. Get medical attention if irritation develops and persists.
If swallowed	:	If swallowed, DO NOT induce vomiting. Get medical attention. Rinse mouth thoroughly with water.
Most important symptoms	:	Diarrhea

Version 8.7	Revision Date: 26.09.2023	SDS Number: 22482-00022	Date of last issue: 20.03.2023 Date of first issue: 16.10.2014
and effects, both acute and delayed		Fever Headache Nausea Vomiting	
			an allergic skin reaction. damage to organs through prolonged or repeated swallowed.
Prote	ction of first-aiders	: First Aid res and use the	ponders should pay attention to self-protection, recommended personal protective equipment otential for exposure exists (see section 8).
Notes	to physician		comatically and supportively.

#### SECTION 5. FIRE-FIGHTING MEASURES

Suitable extinguishing media		Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical
Unsuitable extinguishing media	:	None known.
Specific hazards during fire fighting	:	Exposure to combustion products may be a hazard to health.
Hazardous combustion prod- ucts	:	Carbon oxides Sulfur oxides Metal oxides
Specific extinguishing meth- ods	:	Use extinguishing measures that are appropriate to local cir- cumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe to do so. Evacuate area.
Special protective equipment for fire-fighters	:	In the event of fire, wear self-contained breathing apparatus. Use personal protective equipment.

#### SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protec- : tive equipment and emer- gency procedures	Use personal protective equipment. Follow safe handling advice (see section 7) and personal protective equipment recommendations (see section 8).
Environmental precautions :	Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Prevent spreading over a wide area (e.g., by containment or oil barriers). Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained.
Methods and materials for : containment and cleaning up	Soak up with inert absorbent material. For large spills, provide diking or other appropriate containment to keep material from spreading. If diked material can be pumped, store recovered material in appropriate container. Clean up remaining materials from spill with suitable

Version 8.7	Revision Date: 26.09.2023	SDS Number: 22482-00022	Date of last issue: 20.03.2023 Date of first issue: 16.10.2014			
		disposal of th employed in t determine wh Sections 13 a	anal regulations may apply to releases and is material, as well as those materials and items the cleanup of releases. You will need to nich regulations are applicable. and 15 of this SDS provide information regarding or national requirements.			
SECTION	7. HANDLING AND ST	ORAGE				
Techr	nical measures	5	ring measures under EXPOSURE PERSONAL PROTECTION section.			
	/Total ventilation		Use only with adequate ventilation.			
Advic	e on safe handling	Do not breath Do not swallo Avoid contact Wash skin the Handle in acc practice, base assessment Do not eat, di				
Cond	itions for safe storage	: Keep in properly labeled containers. Store in accordance with the particular national regulation				
Mater	ials to avoid	<ul> <li>Do not store with the following product types: Strong oxidizing agents Self-reactive substances and mixtures Organic peroxides Explosives Gases</li> </ul>				

#### SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Ingredients with workplace control parameters

Components	CAS-No.	Value type (Form of exposure)	Control parame- ters / Permissible concentration	Basis
Posaconazole	171228-49-2	TWA	300 µg/m3 (OEB 2)	Internal

Engineering measures :	Use appropriate engineering controls and manufacturing technologies to control airborne concentrations (e.g., drip- less quick connections). All engineering controls should be implemented by facility design and operated in accordance with GMP principles to protect products, workers, and the environment. Laboratory operations do not require special containment.
Personal protective equipment	
Description in a standard	If a lawyers lavel and every continuing is not every lable, an

Respiratory protection : If adequate local exhaust ventilation is not available or

Version 8.7	Revision Date: 26.09.2023	SDS Number: 22482-00022	Date of last issue: 20.03.2023 Date of first issue: 16.10.2014			
Filter type Hand protection Material Eye protection		<ul><li>exposure assessment demonstrates exposures outside the recommended guidelines, use respiratory protection.</li><li>Particulates type</li></ul>				
		<ul> <li>Chemical-resistant gloves</li> <li>Wear safety glasses with side shields or goggles. If the work environment or activity involves dusty conditions, mists or aerosols, wear the appropriate goggles. Wear a faceshield or other full face protection if there is a potential for direct contact to the face with dusts, mists, or aerosols.</li> </ul>				
	and body protection ene measures	: If exposure to eye flushing working plac When using Contaminate workplace. Wash contar The effective engineering appropriate of industrial hyg	n or laboratory coat. o chemical is likely during typical use, provide systems and safety showers close to the e. do not eat, drink or smoke. d work clothing should not be allowed out of the ninated clothing before re-use. e operation of a facility should include review of controls, proper personal protective equipment, degowning and decontamination procedures, giene monitoring, medical surveillance and the istrative controls.			

#### SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	:	Aqueous solution
Color	:	Colorless to pale yellow
Odor	:	odorless
Odor Threshold	:	No data available
рН	:	2,6
Melting point/freezing point	:	No data available
Initial boiling point and boiling range	:	No data available
Flash point	:	No data available
Evaporation rate	:	No data available
Flammability (solid, gas)	:	Not applicable
Flammability (liquids)	:	No data available
Upper explosion limit / Upper flammability limit	:	No data available
Lower explosion limit / Lower	:	No data available

### SAFETY DATA SHEET

### **Posaconazole Injection Formulation**

Version 8.7	Revision Date: 26.09.2023		S Number: 482-00022	Date of last issue: 20.03.2023 Date of first issue: 16.10.2014
flamma	ability limit			
Vapor	pressure	:	No data available	9
Relativ	ve vapor density	:	No data available	9
Relativ	ve density	:	No data available	9
Densit	у	:	1,15 g/cm <sup>3</sup>	
	lity(ies) ter solubility	:	No data availabl	9
	on coefficient: n- ol/water	:	Not applicable	
	nition temperature	:	No data availabl	9
Decon	nposition temperature	:	No data availabl	9
Viscos Vis	ity cosity, kinematic	:	No data available	9
Explos	sive properties	:	Not explosive	
Oxidiz	ing properties	:	The substance of	r mixture is not classified as oxidizing.
Molec	ular weight	:	No data available	9
Particl	e size	:	Not applicable	

#### SECTION 10. STABILITY AND REACTIVITY

Reactivity Chemical stability Possibility of hazardous reac- tions	:	Not classified as a reactivity hazard. Stable under normal conditions. Can react with strong oxidizing agents.
Conditions to avoid Incompatible materials Hazardous decomposition products	:	None known. Oxidizing agents No hazardous decomposition products are known.

#### SECTION 11. TOXICOLOGICAL INFORMATION

Information on likely routes of	:	Inhalation
exposure		Skin contact
		Ingestion
		Eye contact

#### Acute toxicity

Not classified based on available information.
