6.8	26.09.2023	22520-00023	Date of first issue: 16.10.2014

For explanation of abbreviations see section 16.

SECTION 4: First aid measures							
4.1 Description of first aid measu	4.1 Description of first aid measures						
General advice	<ul> <li>In the case of accident or if you feel unwell, seek medical advice immediately.</li> <li>When symptoms persist or in all cases of doubt seek medical advice.</li> </ul>						
Protection of first-aiders	: First Aid responders should pay attention to self-protection, and use the recommended personal protective equipment when the potential for exposure exists (see section 8).						
If inhaled	: If inhaled, remove to fresh air. Get medical attention.						
In case of skin contact	<ul> <li>In case of contact, immediately flush skin with soap and plenty of water.</li> <li>Remove contaminated clothing and shoes.</li> <li>Get medical attention.</li> <li>Wash clothing before reuse.</li> <li>Thoroughly clean shoes before reuse.</li> </ul>						
In case of eye contact	: Flush eyes with water as a precaution. Get medical attention if irritation develops and persists.						
If swallowed	: If swallowed, DO NOT induce vomiting. Get medical attention. Rinse mouth thoroughly with water.						
4.2 Most important symptoms an	d effects, both acute and delayed						
Symptoms	: Diarrhoea Fever Headache Nausea Vomiting						
Risks	: May cause an allergic skin reaction. May cause damage to organs through prolonged or repeated exposure.						
4.3 Indication of any immediate n	nedical attention and special treatment needed						
Treatment	: Treat symptomatically and supportively.						
SECTION 5: Firefighting meas	ures						

5.1 Extinguishing media	
-------------------------	--

Suitable extinguishing media : Water spray

Version 6.8	Revision Date: 26.09.2023		S Number: 520-00023	Date of last issue: 20.03.2023 Date of first issue: 16.10.2014
			Alcohol-resista Carbon dioxide Dry chemical	
Unsu media	itable extinguishing a	:	None known.	
5.2 Speci	al hazards arising from	the	substance or	mixture
Spec fightir	ific hazards during fire- ng	:	Exposure to co	ombustion products may be a hazard to health.
Haza ucts	rdous combustion prod-	:	Carbon oxides Sulphur oxides Metal oxides	
5.3 Advic	e for firefighters			
•	ial protective equipment efighters	:		fire, wear self-contained breathing apparatus. protective equipment.
Spec ods	ific extinguishing meth-	:	cumstances an Use water spra	ing measures that are appropriate to local cir- nd the surrounding environment. ay to cool unopened containers. maged containers from fire area if it is safe to do

## **SECTION 6: Accidental release measures**

### 6.1 Personal precautions, protective equipment and emergency procedures

Personal precautions	:	Use personal protective equipment. Follow safe handling advice (see section 7) and personal pro- tective equipment recommendations (see section 8).

## 6.2 Environmental precautions

Environmental precautions	:	Avoid release to the environment.
		Prevent further leakage or spillage if safe to do so.
		Prevent spreading over a wide area (e.g. by containment or oil
		barriers).
		Retain and dispose of contaminated wash water.
		Local authorities should be advised if significant spillages cannot be contained.

## 6.3 Methods and material for containment and cleaning up

Methods for cleaning up	<ul> <li>Soak up with inert absorbent material.</li> <li>For large spills, provide dyking or other appropriate containment to keep material from spreading. If dyked material can be pumped, store recovered material in appropriate container.</li> <li>Clean up remaining materials from spill with suitable absorbent.</li> <li>Local or national regulations may apply to releases and dispersional of this propriate container.</li> </ul>
	posal of this material, as well as those materials and items

Version 6.8	Revision Date: 26.09.2023	SDS Number: 22520-00023	Date of last issue: 20.03.2023 Date of first issue: 16.10.2014

### **SECTION 8: Exposure controls/personal protection**

#### 8.1 Control parameters

### Occupational Exposure Limits

Components	CAS-No.	Value type (Form of exposure)	Control parameters	Basis
Posaconazole	171228-49- 2	TWA	300 µg/m3 (OEB 2)	Internal

#### 8.2 Exposure controls

#### **Engineering measures**

Use appropriate engineering controls and manufacturing technologies to control airborne concentrations (e.g., drip-less quick connections).

All engineering controls should be implemented by facility design and operated in accordance with GMP principles to protect products, workers, and the environment. Laboratory operations do not require special containment.

#### Personal protective equipment

Eye/face protection	:	Wear safety glasses with side shields or goggles. If the work environment or activity involves dusty conditions, mists or aerosols, wear the appropriate goggles. Wear a faceshield or other full face protection if there is a potential for direct contact to the face with dusts, mists, or aerosols.
Hand protection Material	:	Chemical-resistant gloves
Skin and body protection Respiratory protection	:	Work uniform or laboratory coat. If adequate local exhaust ventilation is not available or expo- sure assessment demonstrates exposures outside the rec- ommended guidelines, use respiratory protection.
Filter type	:	Particulates type (P)
