

Version 4.0	Revision Date: 04.04.2023		DS Number: /114-00021	Date of last issue: 01.10.2022 Date of first issue: 31.10.2014		
SECTION	SECTION 1. PRODUCT AND COMPANY IDENTIFICATION					
Prod	Product name		: Sitagliptin / Metformin Formulation			
Man	ufacturer or supplier's	deta	ails			
Company name of supplier Address		:	Avenida 16 de Se	eptiembre No. 301 milco Mexico 16090		
Telephone Emergency telephone E-mail address			<ul> <li>+52 55 57284444</li> <li>1-908-423-6000</li> <li>EHSDATASTEWARD@msd.com</li> </ul>			
Recommended use of the chemical and restrictions on use				ons on use		
Reco	ommended use	:	Pharmaceutical			
Rest	rictions on use	:	Not applicable			
SECTION 2. HAZARDS IDENTIFICATION						
••	<b>Classification</b> e toxicity (Oral)	:	Category 4			

:	
:	Warning
:	H302 Harmful if swallowed.
:	<b>Prevention:</b> P264 Wash skin thoroughly after handling. P270 Do not eat, drink or smoke when using this product.
	Response: P301 + P312 + P330 IF SWALLOWED: Call a POISON CENTER or doctor/ physician if you feel unwell. Rinse mouth. Disposal: P501 Dispose of contents/ container to an approved waste dis- posal plant.
	: : :

#### Other hazards

Dust contact with the eyes can lead to mechanical irritation. Contact with dust can cause mechanical irritation or drying of the skin. May form explosive dust-air mixture during processing, handling or other means.

#### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

ersion 0	Revision Date: 04.04.2023	SDS Number: 27114-00021		sue: 01.10.2022 sue: 31.10.2014

lf inha	aled		move to fresh air. attention if symptom	s occur.
In cas	se of skin contact	: Wash with w	ater and soap.	
In cas	se of eye contact	: If in eyes, rir	nse well with water.	levelops and persists.
lf swa	llowed	: If swallowed so by medic Get medical Rinse mouth	, DO NOT induce vor al personnel. attention. h thoroughly with wate	niting unless directed to do
	important symptoms iffects, both acute and ed	: Contact with the skin.	dust can cause mec with the eyes can lea	hanical irritation or drying of ad to mechanical irritation.
	ction of first-aiders	: First Aid res	ponders should pay a	attention to self-protection, nal protective equipment
Prote			tential for exposure e	

Suitable extinguishing media	:	Water spray Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical
Unsuitable extinguishing media	:	None known.
Specific hazards during fire fighting	:	Avoid generating dust; fine dust dispersed in air in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard. Exposure to combustion products may be a hazard to health.
Hazardous combustion prod- ucts	:	Carbon oxides Nitrogen oxides (NOx) Metal oxides
Specific extinguishing meth-	:	Use extinguishing measures that are appropriate to local cir-

Version 4.0	Revision Date: 04.04.2023		9S Number: 114-00021	Date of last issue: 01.10.2022 Date of first issue: 31.10.2014		
	ods Special protective equipment for fire-fighters		cumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe to o so. Evacuate area. In the event of fire, wear self-contained breathing apparatus. Use personal protective equipment.			
SECTION	6. ACCIDENTAL RELE	ASI	EMEASURES			
Personal precautions, protec- tive equipment and emer- gency procedures		:		ective equipment. ing advice (see section 7) and personal ent recommendations (see section 8).		
Environmental precautions		:	Retain and dispos	akage or spillage if safe to do so. se of contaminated wash water. should be advised if significant spillages		
	Methods and materials for containment and cleaning up		container for disper Avoid dispersal of with compressed Dust deposits sho surfaces, as these released into the a Local or national r disposal of this ma employed in the c determine which r Sections 13 and 1	dust in the air (i.e., clearing dust surfaces		

#### SECTION 7. HANDLING AND STORAGE

Technical measures	ca	atic electricity may accumulate and ignite suspended dust using an explosion. ovide adequate precautions, such as electrical grounding
		d bonding, or inert atmospheres.
Local/Total ventilation		se only with adequate ventilation.
Advice on safe handling	: Do	o not breathe dust.
	Do	o not swallow.
	A۱	void contact with eyes.
	A۱	oid prolonged or repeated contact with skin.
	W	ash skin thoroughly after handling.
	pr	andle in accordance with good industrial hygiene and safety actice, based on the results of the workplace exposure sessment
	Μ	nimize dust generation and accumulation.
	Ke	eep container closed when not in use.
	Ke	eep away from heat and sources of ignition.
	Ta	ke precautionary measures against static discharges.
	Do	o not eat, drink or smoke when using this product.

		TWA (Respirable particulate matter)	2.5 mg/m <sup>3</sup> (Titanium dioxide)	ACGIH

#### Ingredients with workplace control parameters

# This substance(s) is not bioavailable and therefore does not contribute to a dust inhalation hazard.

Titanium dioxide

Engineering measures :	Use feasible engineering controls to minimize exposure to compound. All engineering controls should be implemented by facility design and operated in accordance with GMP principles to protect products, workers, and the environment.
Personal protective equipmen	t
Respiratory protection :	If adequate local exhaust ventilation is not available or exposure assessment demonstrates exposures outside the recommended guidelines, use respiratory protection.
51	Particulates type
Hand protection Material :	Chemical-resistant gloves

Version 4.0	Revision Date: 04.04.2023		9S Number: 114-00021	Date of last issue: 01.10.2022 Date of first issue: 31.10.2014

Viscosity, kinematic Explosive properties		:	Not applicable Not explosive	
Oxidiz	zing properties	:	The substance of	r mixture is not classified as oxidizing.
Molec	cular weight	:	No data availabl	e
Partic	le size	:	No data availabl	e

#### SECTION 10. STABILITY AND REACTIVITY

Reactivity Chemical stability Possibility of hazardous reac- tions	:	Not classified as a reactivity hazard. Stable under normal conditions. May form explosive dust-air mixture during processing, handling or other means. Can react with strong oxidizing agents.
Conditions to avoid	:	Heat, flames and sparks. Avoid dust formation.
Incompatible materials Hazardous decomposition products	:	Oxidizing agents No hazardous decomposition products are known.

#### **SECTION 11. TOXICOLOGICAL INFORMATION**

Information on likely routes Inhalation Skin contact Ingestion Eye contact	s of e	exposure
Acute toxicity Harmful if swallowed.

SECTION 13. DISPOSAL CONSIDERATIONS

Disposal methods	
Waste from residues	Dispose of in accordance with local regulations. Do not dispose of waste into sewer.
Contaminated packaging	Empty containers should be taken to an approved waste handling site for recycling or disposal. If not otherwise specified: Dispose of as unused product.

#### **SECTION 14. TRANSPORT INFORMATION**

#### **International Regulations**

UNRTDG

Not regulated as a dangerous good

IATA-DGR Not regulated as a dangerous good

IMDG-Code

Not regulated as a dangerous good

#### Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

#### **Domestic regulation**

NOM-002-SCT

#### Sitagliptin / Metformin Formulation
