

Philanthropy at MSD

Philanthropy is an important component of our company's commitment to corporate responsibility.

Through our philanthropic programs, we have the ability to bring about positive change by addressing complex global health challenges and improving the quality of life in communities where we have a presence.

[Learn more](#) about our philanthropic programs.

United Nations Sustainable Development Goals (SDGs)

SDG 3 Good Health and Well-being is at the core of our business and is aligned with our mission to save and improve lives.

Addressing the impact of NCDs

Alzheimer's Disease

Cancer

Chronic conditions

Diabetes

The Merck Foundation has invested approximately \$50 million since 2015 to help reduce health disparities and increase access to high-quality care for non-communicable diseases (NCDs).
